BATTLE FOR JUAREZ NOW ON STEWART IS OUSTED BY ROCKEFELLERS

BATTLE OF TITANS FOR CONTROL GREAT CONCERN UNDER WAY

STOCKHOLDERS STANDARD OIL OF INDIANA IN UNUSUAL SESSION

WHITING, Ind., March 7. (AP)—Colonel Robert W. Stewart was deposed as chairman of the board of the Standard Oil Company of Indiana today at the annual stockholders' meeting. This climaxed a bitter proxy battle between him and John D. Rockefeller, Jr., who instituted the proceedings to oust Stewart.

WHITING, Ind., March 7.—(AP)—Colonel Robert W. Stewart gave his first intimation today during the annual meeting that he was beaten in his first fight to retain the chairmanship of the Standard Oil Company of Indiana.

His admission came during a discussion over a resolution from the floor opposed by the forces of John D. Rockefeller, Jr.

"I am afraid my friends, that the 'noes' have it, if the vote is taken by shares," he said chuckling, as he pointed toward the Rockefeller group.

R. W. Kellogg of Tulsa, Okla., offered a motion to exclude all proxies offered by the Rockefeller group on the ground that all such proxies were illegal in that they sought to deprive the stockholders of the free exercise of their right of vote for the period of at least one year, and to create a monopoly of the Standard Oil Company of Indiana in the Rockefeller interests.

Kellogg's motion also contended that action would virtually be taken by the Standard Oil Company of Indiana over to a group of persons not recognized by Indiana's corporate law, and not entitled to do business in Indiana as a corporation.

WHITING, Ind., March 7.—(AP)—Colonel Robert W. Stewart, beginning the last round of his fight to retain the chairmanship of the Standard Oil Company of Indiana, opened the annual stockholders' meeting promptly at noon today in the company's offices here and adjourned it two minutes later. The session was to convene at the community house within the hour.

WHITING, Ind., March 7.—(AP)—A \$900,000,000 corporation today painted on a Whiting canvas, an epic of oil.

It was a picture made by the proxies of the 56,000 shareholders of the Standard Oil Company of Indiana, a picture of Col. Robert W. Stewart, the executive head, fighting the forces of the young John D. Rockefeller.

The best information available (Continued on Page 4)

MCDONALD WILL CASE IS UP FOR ITS THIRD TRIAL

PARIS, March 7.—(AP)—The William J. McDonald will case was up for its third trial in district court here today.

A large number of veniremen were called to the contention that the aged capitalist was not of sound mind when he drew his will leaving \$1,250,000 to Texas university for an observatory.

The first jury to hear the case decided for proponents of the will, but the verdict was set aside. A second trial last November resulted in a hung jury.

Judge Newman Phillips overruled a motion by contestants for a change of venue.

REPUBLICANS WILL ATTEMPT TO HOLD GAINS IN SOUTH

WASHINGTON, March 7.—(AP)—Victories by the republican party in the one-time "solid south" are seen by leaders, not as political accidents, but as gains to be consolidated.

After a session here by the executive body of the republican national committee, Chairman Hubert Work announced the party would "exert every influence within its power not only to make these regular permanent but to encourage and build up virile and militant party organizations throughout the southern states."

Heart Fails

Halley Flske, president of the Metropolitan Life Insurance Co., one of America's prominent insurance men, was stricken with a heart attack in front of his home and died before medical aid could reach his side. Apparently of robust health, the death of Mr. Flske came as a surprise and shock to his friends and associates.

LEGISLATURE TO ADJOURN PRESENT SESSION MARCH 14

STATEWIDE HIGHWAY BONDS AND PENITENTIARY BILL IMPORTANT ISSUES

AUSTIN, March 7.—(AP)—While a crowd scoured the city for missing members to bring the house voting strength to its maximum, first shots of what promises to be the major engagement of the session, the \$175,000,000 highway bond issue amendment—were fired today.

Apprehensive of the fight to be launched against the proposal, proponents of the road bond plan sought to bring the senate bill to a maximum strength of 150 that they might submit the issue in a constitutional amendment.

After jockeying for time, Representative S. E. Earnest of Greenville coincides with the senate bill in committee amendments, which was defeated in the house committee on constitutional amendments and brought out on a minority report.

Rep. R. M. Hubbard of New Boston, co-author of a house measure reported adversely in committee earlier in the session, then offered a substitute resolution.

The amended senate resolution, including changes frowned on by senate and house authors, proposes an elective highway commission, a ten-year limit on the life of bonds, a maximum interest rate of four per cent, participation of lateral roads in the bond proceeds, and exemption of ranch and farm vehicles from gasoline tax.

Representative Hubbard's measure coincides with the senate bill in that issuance of bonds for road purposes is limited to \$200,000,000 annually, and maximum interest is set at 4 per cent. It would limit refunds to counties for investments (Continued on Page 14)

ESCAPED CONVICT NOT PERMITTED TO RETURN UNGUARDED

SAN ANTONIO, March 7.—(AP)—Alfred Gage, aged 48, who escaped from the Ramsey state prison farm to keep a promise to his daughter to take her to the state capital, an operation here, has been denied his request to be permitted to return to Huntsville unguarded.

Gage surrendered to San Antonio officers Tuesday night a few hours after his daughter, Addie Lois, had been buried. She died following the operation.

Prison authorities notified police here today to hold Gage until a penitentiary agent could call for him. When he surrendered Gage asked the chief to request prison officials to forward his transportation and permit him to return unescorted.

COLD WAVE HITS MIDDLEWEST AFTER SPRING WEATHER

DESTRUCTIVE WINDS OVER WIDE AREA CAUSE DAMAGE AND PERSONAL INJURIES

CHICAGO, Mar. 7. (AP)—Destructive west winds spread damage and cold over the midwest last night causing personal injuries, property damage and possibly loss of life.

Fire added its menace to the other elements at work. At Tomahawk, Wis., the wind whipped a fire through the business section, causing a loss of \$500,000.

Six persons were injured in Chicago and three others, who set out on Lake Michigan yesterday in a small fishing boat, were believed lost in the gale.

The cold wave came just when the midwest was enjoying its balmy weather. In Chicago the season's high temperature of 58 had been recorded before the gale sent the mercury down 40 degrees in 12 hours. Similar drops were reported in many other cities.

The wind, which reached a velocity of 45 miles a hour, broke windows, trees, chimneys, and signs in Milwaukee and Chicago. Northern Wisconsin and Minnesota reported a heavy snowfall that hampered traffic.

Blizzard Hits Buffalo

BUFFALO, N. Y., March 7.—(AP)—Buffalo today was in the grip of the winter's worst blizzard, a 74-mile an hour gale roaring in out of the west this morning, accompanied by blinding snow, lashing the water front into such a fury that steamers and tugs sank or drifted dangerously along the Buffalo harbor.

The toll of injured in the city had mounted to five, windows were shattered, several roofs blown in, and thousands of dollars worth of damage caused.

St. Louis Woman Kills Daughter Wounds Another

ST. LOUIS, March 7.—(AP)—Crazed, presumably by worry over the suicide of her husband, Mrs. Lena Hawkins, 42, shot and killed one of her daughters and wounded another while they slept in their home here today.

The daughter slain was Winifred Krage, 17. The other girl, Beacie Krage, 15, was wounded in the left arm. Both were daughters by a previous marriage.

The scene of the shooting was a three-room flat. Neighbors found Mrs. Hawkins, lamenting that she had failed to end her own life for want of another bullet.

Mrs. Hawkins' husband, Walter, a contractor, shot and killed himself last November 12. His widow told officers he killed himself because of dependency over financial reverses.

ARMY OFFICER ON RETURN FLIGHT TO NATIONAL CAPITAL

SAN ANTONIO, March 7.—(AP)—Captain Ross G. Hoyt, who made a one-day flight from Washington to Kelly Field yesterday with mail to be carried by Captain Ira C. Baker on his flight from Brownsville to the Canal Zone Sunday, took off from Kelly Field at 8:40 a. m. today on a one-day flight from San Antonio to Washington by way of Shreveport and Atlanta.

Flying a Curtiss F-1 services pursuit plane, Captain Hoyt landed at Kelly Field at 6:35 o'clock yesterday. He left Washington about 4:30 a. m. and completed the 1500 mile flight in approximately 13 1/2 hours. The body of the flight, a portion of the trip against a strong head wind.

If successful in his effort to reach Washington today, Captain Hoyt, who was in charge of refueling the Question Mark during its record breaking endurance flight, will be the first man to make a round trip flight from Washington to San Antonio in two days.

Hoyt Passes Shreveport. SHREVEPORT, La., March 7.—(AP)—Captain Ross G. Hoyt, making an attempted one-day flight from San Antonio to Washington, D. C., passed over Shreveport at 6:35 a. m. today.

CHARGES FILED FOLLOWING POLICE PROBE OF HOUSTON CAFE HOLD-UP; ONE MAN DEAD

HOUSTON, March 7.—(AP)—After intensive investigation of the attempted holdup of the Boulevard Cafe in which one man lost his life and another was seriously wounded, police have filed charges of robbery by firearms and assault to murder against two men, Thomas Lipscomb Little, 22, and J. C. Brunett.

Developments in the case briefly follow: Charges were filed against Little after three witnesses of the hold-up attempt, Miss Edna Parson, M. Luckey, a customer of the cafe, and A. Ruddle, cook, identified him as the bandit who entered the restaurant with a drawn gun.

A statement was obtained from Brunett, in which he declared Little and another man held by the police used his automobile in driving to the cafe before the holdup. Officials of the Queen theatre viewed a suspect held by officers in the cast but against whom no charges had been filed, in an attempt to link him with holdup of Norvell Murray, assistant cashier of the theatre, several weeks ago.

Little saw his way out of a New Orleans prison a week ago. He had been convicted and given 10 years on a charge of automobile theft.

The arrests were made in connection with a shooting at the cafe in which L. W. Hight, 33, Houston was slain and S. W. Clifton of Kingsville, a railroad man, was shot in the mouth with a pistol. Hight was shot by Ruddle when he saw him attempting to open the cash register.

Little then started firing and one of the bullets struck Clifton. Little was taken into custody Wednesday by detectives. Brunett was arrested Tuesday.

A woman, said to have been brought to Houston by Little from New Orleans, was held on a statutory charge.

REPUBLICAN HOUSE LEADERS WILL TAKE FULL ADVANTAGE OF INCREASED MEMBERSHIP

WASHINGTON, March 7.—(AP)—Republican leaders in the house are determined to use their increased party strength in the seventy-first congress to support the policies of President Hoover.

The republicans will have a plurality of probably 102 members over the democrats when the special session of congress convenes in April to revise the tariff and pass farm relief legislation.

As a result of the November elections the line-up shows 267 seats are to be filled by republicans, 165 by democrats, and one by a farmer-labor member. One seat is in doubt and another is vacant, both of which probably will be filled by democrats.

This is the greatest majority the republicans have had since before the Wilson administration. So strong are the republicans that peace has been made with the independents who supported Senator LaFollette in the 1924 presidential campaign. If the hatchet has not been buried, at least that ritual has been overlooked, because Representative Frear, of Wisconsin, was restored to his place on the ways and means committee, from which he was ousted in 1926, because he followed the insurgents.

To further increase their power, the republican leaders have agreed to increase their membership on committees, particularly the important ones, by a majority of two to four. Committees of twenty-one members are to have 14 republicans and seven democrats. A democratic vacancy on the agriculture committee was filled by Representative Elbert S. Brigham, a republican, of Vermont.

ATTORNEY GENERAL MITCHELL CONFIDENT HE CAN IMPROVE PROHIBITION ENFORCEMENT

WASHINGTON, March 7.—(AP)—A slender, smiling man emphasized today that the national prohibition law will be enforced.

"President Hoover's inaugural address should be platform enough for the department of justice," William D. Mitchell, the new attorney general, said.

Confidence in himself and his willingness to devote his best to his work, in his outstanding character, although he has not had time to decide on how best to handle the prohibition question, he said that he found the work of the department was increased through the transfer of the prohibition bureau from the treasury to the department of justice, he would ask for more funds to carry on the work. The prospects of increased work for his department did not seem to worry the new attorney general in the least.

"I think we have interesting work cut out for us," he said. "I have faith that we can improve conditions. I will have to work out the program to see whether we will need more funds. I mean, I believe there may be an increase in work or personnel. I will have to ask for more money."

OPPOSING FORCES ARE STRENGTHENING BORDER POSITIONS

REVOLUTIONARY GARRISON AT SONORA GETS ADDITION OF THOUSAND MEN

(By The Associated Press.) Complete breakdown of the revolutionary movement in Vera Cruz and other parts of Southern Mexico was reported today while the rebels in the north continued their drive toward Juarez where a handful of federal troops was awaiting them.

General Jesus Aguirre, commander of the rebel forces in Vera Cruz was believed to have taken flight by sea after severe fighting yesterday which ended the consular corps secured an armistice to avoid further bloodshed.

The important strategic railway center of Monterrey also was lost to the rebels, General Escobar later was driven out of Saltillo and today was retreating to Torreon along the western border of Coahuila.

Of the three chief revolutionary leaders, two have been definitely reported defeated while the third, General Borquez in Sonora, was still consolidating his position and planning a southward movement against government forces in Sinaloa.

Cities which the government has recovered are Monterrey, Cordova, Saltillo, Orizaba and Jalapa. While Vera Cruz had virtually been recaptured still needing some consolidation of position.

Measures to confiscate the property of five of the leading revolutionaries were taken by the government. These included General Aguirre, Manzo, Topete, Escobar and Cruz.

Communication Restored Between Brownsville and Mexico

BROWNVILLE, Tex., March 7.—(AP)—Land line communication between Brownsville and Mexico was restored at noon today, L. Lopez Montero, Mexican consul here, announced.

To Recapture Vera Cruz

VERA CRUZ, March 7.—(AP)—The (Continued on page 4)

Daughter Shoots Father in Back

LOUISVILLE, Ky., March 7.—(AP)—Shot in the back with his own pistol by his 17-year-old daughter, E. E. Smith, 40, railroad boiler-maker, was not expected to live today. The shooting followed a family altercation last night in which the daughter asserts her father knocked down her mother, Alice Smith, the daughter, is held by police.

CURTIS EXPECTED HAVE LARGE PART IN ADMINISTRATION

WASHINGTON, March 7.—(AP)—Vice-president Curtis is likely to have a larger measure of participation in the affairs of government during the Hoover administration than any other man who has held the vice-presidency in more than a generation.

While the sole duty prescribed for the vice-president is that of presiding officer over the senate, President Hoover even before the election invited Mr. Curtis to sit in at cabinet sessions and the invitation was accepted. So it will be that the vice-president will be at the control table tomorrow at the first session of the Hoover cabinet.

The practice of having the vice-president attend cabinet meetings was initiated by the late President Harding when Calvin Coolidge held that office. As valuable as his advice may have been, Mr. Coolidge was unable to bring to the deliberations of Mr. Harding's advisers the vast funds of knowledge concerning the legislative branch of government which Vice-president Curtis possesses.

Two Army Flyers Killed in Crash

SAN DIEGO, Cal., March 7.—(AP)—Lieut. Hugh L. Roix Smith and Private Melvin A. Uim, army flyers, were killed when their plane plunged into the ocean near here yesterday.

Mexican Presidency

It is believed the intention of the leaders of the present serious revolt in Mexico is to place Gilberto Valenzuela, former minister to Great Britain, in power as president. General dissatisfaction with the administration of President Portes Gil is given as the reason for the uprising.

GENERAL ITURBE REPORTED LEADING REBELS SOUTHWARD

ADVANCES CLAIM REVOLUTIONARY TROOPS RECEIVED WITH ENTHUSIASM

Nogales, Ariz., March 7.—(AP)—Advances to the Associated Press today from Guaymas, Sinaloa, stated that General Iturbe, leading a body of rebel troops, is advancing southward through that state and is expected to take Culiacan, the state capital of Sinaloa, today.

The advances said the rebel troops were being received with "great enthusiasm." Millions of dollars worth of property, it was stated, was found destroyed by a detachment of federal troops which had retreated through the state several days before.

Officials of the Southern Pacific De Mexico Railroad said lines torn up by the fleeing rebels were being repaired rapidly and that train service soon would be restored as far south as San Blas, Sinaloa.

"Catholic churches in Sonora, across the international boundary line here, celebrated mass this morning for the first time since 1926. Priests denounced the federal administration under President Emilio Portes Gil, and its censorship. The edifices were thronged.

A thousand rebel reinforcement troops which arrived last night to bolster the garrison at Nogales, Sonora, just across the international line from here, were encamped at the southern edge of the Mexican city. Gov. Fausto Topete, who led the reinforcement, said that nearly a thousand more troops from Southern Sonora would be concentrated at Nogales, Sonora, late today.

BIG LINER GOES AGROUND DURING GALE IN HARBOR

NEW YORK, March 7.—(AP)—The Lamport and Holt liner Van Dyck, sister ship of the Vestris, went aground off Governor's Island in the upper bay today as she battled a whole gale on her way to her pier from Buenos Aires.

Wrecking tugs went immediately to the assistance of the 12,000-ton liner. She was in no danger as she stuck fast in the mud off the eastern side of the island. She had 275 passengers.

The 60-mile northwest wind blew down a 15-foot section of a smokestack on the hotel Claridge and sent the huge fragment crashing through the roof of a cafeteria on West 44th street. Twenty-five employees and a score of patrons of the restaurant escaped injury as the stack cut a 30-foot hole in the roof and wrecked the kitchen equipment.

At 2 p. m. the Van Dyck was still aground but it was believed she would be floated at high tide late today. The passengers were still aboard and it was said no attempt would be made to take them ashore until the liner docked.

SHAW IS CONFIRMED

AUSTIN, March 7.—(AP)—Reappointment of James Shaw as state banking commissioner was confirmed by the senate in executive session today.

JUAREZ GARRISON PREPARED THURSDAY DEFEND BORDER CITY

REBELS REPORTED ADVANCING ON TOWN ACROSS RIO GRANDE FROM EL PASO

EL PASO, March 7. (AP)—The rebel forces opened fire on Juarez at 1 p. m. Juarez was completely cut off from communication with El Paso. The bombardment could be heard plainly in El Paso.

The clash, which has kept Juarez seething with excitement, occurred after the town had practically been closed along all lines of commercial activity. Through field glasses, observers at points of vantage in El Paso saw residents of the city running the streets to find places of safety.

The federal force, consisting of more than 200 men, was headed by General Ignacio Flores. The rebels were believed to number about 500.

EL PASO, March 7.—(AP)—A handful of federal troops in Juarez, across the border from here, prepared today to defend the city against an attack by rebels under General Marcelino Caraveo.

Machine guns were mounted around barricades at the garrison and at the principal street intersection. Reinforcements were reported to be on the way but it was doubtful whether they would arrive before the revolutionaries.

The rebels, reported to be advancing on Juarez, were believed to be in the mountains 20 miles south. Railroad tracks in that direction have been destroyed by government troops.

Following reports that a revolutionary movement was gaining headway in Juarez, the federal established military rule, took over the customs house, disarmed police, and arrested Mayor Augustin Gallo and a number of other town officials.

On this side of the border, United States army officials at Fort Bliss watched the situation closely. They indicated that American troops would cross the border and enter Juarez should fighting develop there in such a way as to endanger the lives of Americans in El Paso. American troops drove Francisco Villa out of Juarez in (Continued on Page 14)

FOUR INDICTMENTS AGAINST M'CLOSKEY DISMISSED THURSDAY

AUSTIN, March 7.—(AP)—Four indictments alleging alteration of election returns against Congressman Augustus McCloskey were dismissed in motion of the state in district court here today.

McCloskey recently was acquitted on one of five indictments found by a Bexar county grand jury and sent to Travis county on a change of venue.

Indictments charging alterations against Charles Ramirez, judge McCloskey's former secretary, and Elmer Wereneite, former city employee, were dismissed also.

Hoover Says To Visit Texas At Early Date

WASHINGTON, March 7.—(AP)—President Hoover told R. B. Creager, Republican national committee man for Texas today, that he intended to visit the Lone Star state, but probably would be unable to get away from Washington for any extended trip during the special session of congress.

Much Mail Ready For Lindy Flight

BROWNVILLE, March 7.—(AP)—Postmaster G. W. Dennett announced today the receipt of 8,000 letters for Lindy White, a Mexican City by Col. Charles A. Lindbergh Sunday. This will be the first southbound flight of the international airmail from Mexico City to Brownsville which Lindbergh will inaugurate Saturday. He is scheduled to arrive here at 1:15 p. m. with the first northbound mail.

Utah Legislature Ratifies Dam Pact

ALBUQUERQUE, N. M., March 7.—(AP)—Ratification yesterday by the Utah legislature of the Boulder dam compact on a six state basis is the last official act necessary to assure construction of the dam, it was said today by representatives here for the tri state conference. Utah's portion will make no difference in the attempt to add Arizona to the list and complete a seven state agreement.

RAPID DEVELOPMENT
OF THE AIRPLANE
INDUSTRY.

Beyond describing the air-
plane industry as one "des-
tined to work such a revolu-
tion as the mind of man
could never have dreamed of
five years ago," the Manu-
facturers Record, Baltimore,
in its issue of February 28,
emphasizes the importance
of the industry to the South
and of the South to the in-
dustry. In part it says:
"With Colonel Lindbergh
recently opening the new di-
rect airplane route from this
country to South America,
with over 1000 cities con-
templating improvements of
one kind or another in the
development of airports as
reported by the Associated
Press in a recent statement
from New York, with busi-
ness interests turning to the
airplane not only for rapid
transportation of mail and
passengers, but for freight
also, we are entering upon
one of the most interesting
movements in human his-
tory. Soon the 'argosies of
the air' will sweep the world.
The development of the air-
plane will very nearly, if not
quite, match that of the au-
tomobile industry.
"Walter H. Sandt, Jr., of
New York, after a survey of
1116 cities planning for im-
provements in airports, says
that 648 existing municipal
and state airports have been
budgeted for more than
\$80,000,000 as to their
needs for 1929. Mr. Sandt
made his report for 'Air
Transportation,' a weekly
air trade publication. He re-
ports that the number of pri-
vate airports is nearly as
large as the municipal ones.
"Assistant Secretary of
Commerce, William P. Mc-
Cracken, in charge of avia-
tion, in reporting on opera-
tions of his department stated
that capital invested in the
American industry, mea-
sured in current values of
stock issued by airplane
manufacturing companies,
has increased 3000 per cent
in three years. 'Three years
ago,' said he, 'the entire air-
plane industry of the coun-
try could have been bought
for \$5,000,000, lock, stock
and barrel. Today it repre-
sents an investment of \$50,-
000,000, with no one able to
tell how far it will expand in
the early future.'
"These facts are, merely
suggestive of what can be
seen in every part of America
where aviation is becoming
the order of the day. It was
recently stated that a New
York banker having a home
in Virginia would spend the
week-ends in his Virginia
home, going by airplane and
returning to New York on
Monday morning. This was
promptly followed by the
statement that another New
York banker, whose family
is spending the winter in
Florida, would travel by air-
plane to Florida on Satur-
days and return on Monday.
"All through the country,
and especially through the
oil regions of the West, air-
plane scouting is in evi-
dence. Hundreds of air-
planes are in daily use by
business men in that section
and in other parts of the
country. Manufacturers are
beginning to use the air-
plane for the quick trans-
portation of parts of machin-
ery and for things needed in
haste.
"We are in a great and
wonderful revolution, be-
fore which the human mind
staggered as we contemplate
the capture of the air. It is
pre-eminently important,
therefore, that Southern cit-
ies should encourage in ev-
ery way possible the air-
plane industry and the de-
velopment of aviation. They
must establish airports and
secure the establishment of
airplane plants, in order
that some suitable program
of this industry may be es-
tablished in the South, to the
great increase of the wealth
of that section.
"Here is a new and grow-
ing industry. Here is one

which is destined to work
such a revolution as the
mind of man could never
have dreamed of five or ten
years ago. It is in its infan-
cy. Every city in the South
that hopes for progress and
prosperity must recognize
the fact that it must spend
money, and spend it quickly,
in the establishment of air-
ports and in encouraging the
building of airplane fac-
tories at points suitably lo-
cated and backed by suffi-
cient capital.
"Airmail service and ev-
erything connected with it
is destined to have a very im-
portant business effect upon
many towns throughout the
country. The industrial sec-
retary of the Jacksonville, Fla.,
Chamber of Commerce, for
instance, reports that, in
correspondence with indus-
tries throughout the country
which they are seeking to at-
tract to Jacksonville, he
finds the splendid airmail
service which connects with
lines for practically ev-
ery part of the country
carries considerable weight
with big concerns who
want to decentralize their
operations and estab-
lish branches or distrib-
uting offices in cities equip-
ped with such facilities; and
he says: 'For this reason, it
is essential that Jacksonville
support airmail and make
use of it wherever possible,
in order to make the line
successful. The Pitcairn Avia-
tion, Inc., will inaugurate
airmail service from Atlanta
to Jacksonville and Tampa
via Daytona Beach and Or-
lando, about March 1.' In
this way, these cities and
others in Florida will be
able to reach practically the
entire country with airmail
service; and what they will
be able to do is indicative of
what many hundreds of cit-
ies and towns throughout the
country will do."
"THOU SHALT NOT."
This is the great "Thou
Shalt Not" age. The reform
complex breaks out in the
most unexpected places. But
strange as it may seem the
bite of the reform bug never
has any effect on the "more
holier than thou" brethren
until they have reached that
period of life when age
hangs heavy on them and
they have a desire to fall
asleep just as soon as the
evening meal is finished. Al-
so, the average reformer
would have plenty of house
cleaning at home if he would
quit reforming the world
long enough to take stock
of his immediate surround-
ings.
Nothing makes a visiting
school teacher more scornful
than to hear the natives pro-
nounce their state the way
she doesn't.
Looks like the ground
hog has at last won his
argument with the official
weather man.

IGNORANCE BREEDS
DISTRUST.
The fact that all foreign-
ers were looked upon as bar-
barians by the ancient
Greek is not so hard to un-
derstand when one remem-
bers the difficulty, slowness
and infrequently that pre-
valled in international inter-
course until quite modern
times, and the fearful qual-
ities that a man is, naturally
and in self-protection, inclin-
ed to ascribe to a stranger.
Ignorance or, to put it
with a little more tact, lack
of information, is often at
the bottom of distrust. Ig-
norance of one country by
another is especially deplor-
able. Most basic errors in
this particular are traceable
to the schoolroom. History
and geography books are
the most likely to be respon-
sible for regrettable miscon-
ceptions.
Errors in school geogra-
phies are inexcusable, and
where they creep in, the
mis-information is often for
propaganda purposes. While
history is somewhat differ-
ent in this respect, because
much of history is editorial
comment and opinion, many
history text books in some
schools contain deliberate
falsifications inspired by a
mistaken sense of patriot-
ism, race hatred, national
jealousy and envy.
The impressions a child
forms at school often last a
lifetime, and an erroneous
impression is, as a rule, the
hardest to eradicate. World
peace would be a reality to-
day had children through-
out the centuries been taught
to love and trust those of other
nations and races instead of
being reared in hate and dis-
trust.
SUN PIONEERED.
Plans are rapidly being
perfected for the official
opening of Corsicana's airport.
A large number of visiting
planes will be present and
aviation in general will re-
ceive a big boost in this
section of the state. All of
which reminds us that the
Corsicana Daily Sun pio-
neered in aviation in this
city. This paper estab-
lished the first newspaper air-
plane delivery service in
the state and Chas. Ped-
ley, ace pilot of the Tex-
as Air Transport company,
was at the controls of the
Sun plane on the initial trip.
Airplanes were not as com-
mon in those days as they
are now and the Sun takes
considerable pride in the es-
tablishment of a modern air-
port here.
The Mexican army now
has a revolution to hold its
attention which will be good
news for the news photog-
raphers. However, our
neighbor to the south will
have to have a better organ-
ized military establishment
than it now boasts before
the general can outwit the
cameramen when Lindy does
a flop.

Reaction Trails
Warm Agitation
On Farm Tariff
By FRANK I. WELLER
(Associated Press Farm Editor).
WASHINGTON, March 5.—(AP)—
Agitation for tariff reform has
been completed its arc and now
the pendulum is poised for
the backward stroke. Even be-
fore it reached the apex of its out-
ward swing, there were farm lead-
ers who privately feared the mo-
mentum was a little too much.
More than 1,000 witnesses ap-
peared before the house ways and
means committee to urge that it
write higher import duties into its
tariff recommendations to the spe-
cial session of congress this spring.
More than 10,000 typewritten pages
of testimony were taken. Not all
real with agricultural schedules,
but enough did to picture the Amer-
ican farmer seeking blanket pro-
tection on everything from bana-
nas to livestock.
Conservatives believe it might
have been better to limit the de-
mand to those commodities which
actually are suffering from foreign
competition. They profess to sense
a deep significance in the observa-
tion made by Senator Reed Smoot
of Utah on his return from a con-
ference with Mr. Hoover in Florida
that the fuss over tariff revision
probably was all out of proportion
to what congress likely would do.
Reaction to tariffs that are de-
scribed as of little or no benefit to
American producers and still suffi-
cient to embroil this country in
trade disputes with important
foreign customers, is epitomized by
the Wall Street Journal in an at-
tack on the request for a 75-cent
duty on each bunch of bananas.
Offset against the annual im-
portation of \$30,000,000 worth of
bananas from Caribbean countries,
the Journal says, is the fact that
these countries take from the United
States each year \$187,000,000
worth of flour, canned goods, lard
and such products, and \$60,000,000
worth of manufactured goods.
This country, the Journal con-
tinues, does not produce bananas
and because they are not in com-
petition with a domestic product
have been, therefore, on the free
list. They do not compete with

SENATOR WATSON
IS SENATE LEADER
FOR REPUBLICANS
WASHINGTON, March 5.—(AP)—
James E. Watson, of Indiana, was
chosen republican leader of the
senate today at a party conference.
He takes the post held by Senator
Curtis until he became vice-presi-
dent.
Senate republicans also renom-
inated their officers for the sen-
ate, including Senator Moses, of
New Hampshire, to be president
pro tem; Edwin P. Thayer, of In-
diana, to be secretary; Davis S.
Barry, of Rhode Island, to be ser-
geant-at-arms; and the Rev. E. B.
Phillips to be chaplain. These of-
fices must be confirmed by the
senate.

fruits grown in this country, the
Journal says, because bananas are
eaten for their food value and not
for their fruit value.
The circumstances surrounding a
number of other issues, including
the proposed readjustment of tar-
iffs on beef cattle, are different.
Farm groups agree that cattlemen
are not sufficiently protected to en-
courage necessary expansion of the
beef industry.
They are conscious, however, of
protests from Canadian stockmen
who have looked to American mar-
kets. The corn belt has been a
great outlet for their feeder cattle
—cattle weighing under 1,050
pounds that are sold from Cana-
dian ranges into the United States
for fattening. The tariff on such
animals would be raised from 1-1/2
cents a pound to 3 cents. Although
it would increase the cost of feed-
er stock, because American ranges
are not producing enough, corn
belt farmers are not protesting.
They want a higher tariff on corn.
Other questions of policy rise
over the proposal to place a tariff
on cotton and raise the rates on
wheat. By virtue of greatest pro-
duction, America controls the
world cotton market, but the price
of American wheat, even in the
United States, is fixed at Liverpool.

Tax Remission
to Aid Building
Sea Wall Asked
AUSTIN, March 6.—(AP)—By an 81-
87 vote the house last night passed
this reading a bill by Representa-
tive B. E. Quinn of Beaumont al-
lowing Port Arthur to keep eight-
ninths of its ad valorem tax for 20
years in order to construct a sea
wall. The measure probably will
be called up for final vote later in
the week.
Under operation of the bill, the
state would contribute approxi-
mately \$2,200,000 and the Jefferson
county precinct in which the sea
coast town is located would furnish
approximately the same amount
through a special tax.
Cost of the protective wall was
estimated at \$3,000,000.
Representative C. H. Jenkins of
Brownwood contended the bill was
unconstitutional, but Rep. W. E.

GENERAL ESCOBAR
NAMED REVOLTERS'
MILITARY CHIEF
VERA CRUZ, Mex., March 5.—(AP)—
General Gonzalo Escobar, gen-
eral of division at Torreón, Coa-
huila, was named as chief of the
revolution against the Mexican gov-
ernment in a statement by General
Jesus Maria Aguirre today.
General Aguirre, who is in charge
of the revolutionary activities in
the state of Vera Cruz, and whose
coup Sunday transferred control of
the state to the revolutionaries,
Pope of Corpus Christi replied that
similar walls had been built at Port
Aransas and Corpus Christi by re-
mission of taxes over a given per-
iod.

said the movement was aimed pri-
marily against perpetuation of the
influence of former President
Calles in governmental affairs.
Nomination of such men as pro-
visional President, Portes Gil, or
Pasqual Ortiz Rubio, revolutionary
party candidate to succeed Presi-
dent Portes Gil is just a false front
to cover the real machinations of
General Calles, he said.
Under the leadership of Presi-
dent Calles and his successor, the
revolt leader charged, the govern-
ment has become a merchandizing
organization, lucrative to a few men
but bringing misery to the people
as a whole.

the PURPOSE of the
Texas Power & Light Company
as a Texas Institution
The Texas Power & Light Company was established sixteen years ago for the purpose of rendering electric service to Texas cities and towns.
It was evident, even sixteen years ago, that isolated power plants would not be able to supply the rapidly multiplying needs of Texas people for electric service.
After long study and experiment the engineers of the Texas Power & Light Company, together with other leading electrical engineers throughout the world, found that electric energy could be transmitted over high tension power lines for great distances from large generating stations, thus making possible a metropolitan type of electric service for smaller communities.
From that day until this it has been the purpose of this Company to render an electric service adequate to the needs of Texas people, in order that any user in any community served could at any time of the day or night, press an electric button and receive instant, dependable electric service at a reasonable cost.
Revolutionary changes have been made in the methods of generating and distributing electric power. Changes are rapid, so rapid, even now, that equipment which is the last word today will be obsolete tomorrow. Electric service has become so inseparably a part of our daily life that it would be impossible for us to move through a day without its aid. The tremendous burden of responsibility which is thus thrown upon the Texas Power & Light Company is borne with true American efficiency.
Through all the changes within its own industry, through poor years and good, through prosperity and depression, into this present era of stabilized and sound development, the Texas Power & Light Company has held unwaveringly to its great purpose. As a result those Texas cities and towns served by this Company have unrivalled electric service.
PROVIDING FOR THE TEXAS OF TODAY AND PLANNING FOR THE TEXAS OF TOMORROW
TEXAS POWER & LIGHT COMPANY.

PERFECT WEATHER AND MUCH WORK GREETED DALLAS STEERS EXHIBITION GAMES VS. CHISOX

BY PAUL MOORE.

"Any new hands, this morning, skipper?" sport scribes asked Milton Stock early Tuesday. "No," came the reply, "Maybe some will come in today." A long batting practice, culminated by infield and outfield work was the orders for the twenty-odd Steers who are in the camp at the present time. Manager Stock has adopted a rule that the players who report to camp too late for the day's workout get a workout in the afternoon.

Bob Tarleton, business manager of the Dallas club, was scheduled to arrive in camp Tuesday and it is expected that several players will be with him. Ray Flaxmeyer, sensational short stopper, who is in the team, and regarded as one of the best infielders in the Texas League, Monday sent in his signed contract and will likely be on the Steer range within the next day or two.

St. Rosenthal, outfielder, is expected shortly as is Hap Morse and Rusty Bogges. Bogges is a basketball and football official and formerly was with the Baylor team. He was utility player with the Waco Cubs and the San Antonio Bears last year but is expected to make a serious bid as a catcher.

Hitting Improving. The players' eyes on the ball and the lone batting practice periods dished out by Stock is showing results from the way the hitters are whamming the ball to all corners of the lot. Some of the players are getting the range of the fences about Municipal Park and occasionally a ball is hit over the walls. The players are well pleased with their quarters here and also with the "steaks." The veterans declare that Municipal Park is better than a number of Class A parks over the country. The infield and outfield are in good condition and no one has been bumped in the face by a bad hopper occasioned by uneven ground.

Boys in Good Spirits. The soreness and stiffness noted among the early arrivals are disappearing and the boys were in better spirits Tuesday than since the opening of the training camp. Nick Simons, trainer, gets most of the criticism heard in the camp, from the players for his alleged "toughness" in administering treatment for soreness to muscles. Nick is a great favorite among the players already as well as with the sport writers in camp and he is the center of the stage when he is around. When his nationality is questioned, he immediately proclaims his right name and admits the information that he is of Spanish and English extraction—half and half.

From the indications Tuesday

SOPHS BREAK INTO WIN COLUMN MONDAY IN INTER-CLASS PLAY

The Sophs broke in the win column by defeating the Juniors 22-14 in the final round of competition in the inter-class series played on the Y court Monday night.

In the other game of the evening, the Freshmen kept their slate clean by handing the Juniors, hitherto undefeated, a 14-9 drubbing in a fast, hard fought encounter.

Finals in the inter-class basketball games will be played Wednesday afternoon at 4 o'clock between the Juniors and Freshmen. These two teams were highest in the percentage column at the end of the series and, according to the rules decided upon by the captain of each team before the beginning of the basketball games, the winners would play three games or one game to determine the champion.

Following is the standing at the end of the three games:

Team— W L Pct
Freshmen 3 0 1.000
Juniors 2 1 .667
Sophomores 1 2 .333
Seniors 0 3 .000

Chicago and Dallas Will Play Exhibition Game Here March 20
Corsicana fandom will be treated to a real exhibition game here Wednesday, March 20, at Municipal Park, when the Dallas Steers of the Texas League, who are spending their spring training camp here, clash with the Chicago White Sox of the American League. Fred McJunkin, president of the Dallas club, announced here Tuesday afternoon after a conference with chamber of commerce officials and local baseball officials.

The Dallas club president told local officials when he was here

Teague and Mart to Meet in Track Event
TEAGUE, March 7.—(SI)—According to Coach Forehand of the Teague High school, the Teague boys will contest with the Mart boys in a dual track and field meet to be held in Teague Friday afternoon.

Among some of the leading men on which Teague is counting are: Jeans, Dodd, Wills, Botter, Higdon, Jameson, R. Smith, Lee, Welman, Hendon, P. Smith, and Elliot.

Preaching Sunday At Afternoon Powell
There will be preaching at the Methodist church at Powell Sunday, March 10, at 3 p. m., by the pastor. Sunday school at 10:30 a. m. There will be preaching at this church in the future every Sunday at 3 p. m. until further notice.

C. G. SHUTT, Pastor.

CORSICANA TIGERS READY ENTER STATE TOURNAMENT FRIDAY

WON EASY VICTORY OVER PROVIDENCE IN PRACTICE GAME TUESDAY EVENING

Corsicana Tigers, champions of districts 11 and 14 in the University of Texas interscholastic league who enter the state meet next March 8 and 9 in the A. & M. gymnasium in College Station, engaged the Providence cagers in a fast practice scrimmage Tuesday night on McElvyn, Providence school, with the Tigers winning a 33-17 decision over the Class B champs.

Coach O. P. Douglas announced Wednesday morning that the Tigers were in good condition and ready for the state meet. In the game Tuesday night, one fact was apparent, he said, that was the lack of capable substitutes. A light practice session will be held Wednesday afternoon, consisting of four shooting and long shots, with special emphasis on following up on these long losses.

Early Thursday morning, the Tigers will leave for College Station. Eight men will be taken: Glenn Price, captain and forward; Glenn Wells, forward; Henry Jones, forward; George Pryor, guard and center; Ralph Elliott, guard; Gordon Clark, guard; R. C. Granberry, forward; and Walter Parker, forward.

According to the pairings announced by the University of Texas Interscholastic League for the meet, the Tigers will play Perryton, winner of Districts 1 and 2, in the first game, and on Friday night the winner of the Perryton-Tiger game will play the winner of the Denton-McAllen game. If the Tigers come through with wins in these two encounters, it is expected that they will play in the finals Saturday night, as the Denton crew is rated to be one of the strongest quints in the state.

Next Tuesday and Wednesday,

Hubbard-Malakoff Debating Teams Met For Practice Here
The Hubbard high school boys and girls debating teams met the Malakoff teams in practice debates at the Corsicana high school Wednesday evening. No judges were used and the debates were for practice for the competing teams in preparation for their approaching county interscholastic league meets later in the month.

Those from Hubbard were Joe Sorey and Louis Wells, boys team; Marzee Moore and Ruth Wells, girls' team. Superintendent and Mrs. L. L. Wilkes, Miss Hazel Tanner and Mrs. W. P. Moore.

Dairy Census For Mexia Territory
MEXIA, March 5.—(Spl)—A force of 18 workers under the leadership of Wallace Welch, chairman, will start the dairy census of Mexia rural routes Wednesday. The Chambers of Commerce of each town in Limestone and Freestone counties will direct the census of rural routes of the respective communities.

It is estimated that 1,000 farmers must be visited in the vicinity of Mexia.

REBELS CONTROL SINALOA
NOGALES, Sonora, Mex., March 7.—(U)—In a formal statement issued after a conference between General Francisco Bourque, Augustino E. Olachea, Gilberto Valenzuela and Governor Fausto Topete here today the rebel leaders said insurgents now occupy all of the state of Sinaloa.

IN MEMORIAM.
Sached to the memory of C. H. Lyons, aged 52 years, who departed this life Sunday, Feb. 17, 1923, at 7:30 o'clock. He was laid to rest in the Pettys Chapel cemetery Monday evening at 3:30 o'clock.

He was a host of sorrowing relatives and friends. It was so hard to give him up but God called him home from his suffering. He was loved and respected by all who knew him. Let us say to his loved ones, weep not for he is safe in the arms of Jesus. Let's not wish to call him back to this world of sorrow, where he has suffered so much, but live so as to meet him up yonder, where there is no more pain, neither sorrow. All was done that loving hands could do, but God knew best. We thank the ones who were so kind and especially Dr. Willis for his untiring services and kind consideration. He bore his suffering so patiently, never complaining. He leaves to mourn his loss, a wife and seven children, as follows: Mrs. J. B. Bennett, Mrs. A. A. Henderson, Misses Barbara, Mary Anna and Clelie, two sons, Bank and Aubrey.

A precious one from us has gone. A voice we loved is still. A place vacant in our hearts Which never can be filled.

'Tis ours to miss you maybe a few years, And tender memories of thee keep. Thine is our Lord to rest we know. He giveth his blessed ones sleep.

'Tis hard to break the tender cord When love has bound our hearts. 'Tis hard, Oh! so hard to say We must forever part.

God in his wisdom has recalled. A bloom of love he has given. Although the body slumbers here The soul is safe in heaven.

Written by a friend, LILLIAN HENDERSON.

Roaming the Realm of County Sports
By DELMORE OLSEN.

Corsicana high school Tigers, who won the right to enter the state meet by handing Temple a 35-17 defeat in their bi-district game, left early Thursday morning for College Station to get a short practice session on the large Aggie court before the tournament begins Friday morning. Many Corsicana fans will trek toward College Station Friday morning to help the Tigers make good their bid for state championship honors. Those who cannot make the trip send their best wishes and the hope that the Tigers can come through with the championship. "Best of luck, Tigers."

Negotiations are under way for the I. O. O. F. sextette to play the A. Harris team in Dallas Saturday night. This will be a return game for the one played on the local Y. M. C. A. court two weeks ago, in which the Odd Fellow Lassies won a well-earned 15-14 decision over the champions in the Dallas commercial loop.

"It won't be long now," that's what the rabid baseball fans are saying. A large number of the dived in the wool fans have been watching the Dallas Steers in their workouts each day and are becoming pepped up over the grand old game.

Speaking of baseball, we can't see why Navarro county cannot have a league this summer. It has been done in several counties near by and there is no reason why Navarro county cannot have just as good baseball teams as any other county. We could name several communities in which the male population live, eat, think baseball during the summer and would be glad to help organize such a league. Such communities as, Bazzette, Providence, Navarro, Winkler, Richmond, Emhouse, Barry, Dawson, Blooming Grove, Frost, and Rice have a large number of baseball fans and might be interested in such a league. Folks, think it over and let us know if you favor such a league.

Roaming the Realm of County Sports

By DELMORE OLSEN.

The Dallas Steers play the Chicago White Sox in Dallas Friday, Saturday and Sunday in the first of a series of exhibition games for the Steers. The Steers play the White Sox in Corsicana Wednesday, March 20.

Back in 1870 when the first official decennial federal census was taken the entire population of Corsicana and an equal number of their friends could have been housed in the present Navarro hotel with some room to spare for transient guests. In the good year of 1870-79 years ago the government enumerator counted only 30 souls in Corsicana, with a population of 8,879 in Navarro county.

This interesting bit of population history was suggested at the Chamber of Commerce in connection with present plans to assure accurate a count as possible for the census which begins next November. Through the efforts of the Chamber of Commerce census committee, with the helping cooperation of several local citizens, Corsicana has been designated as district headquarters for the 1930 count.

In the 1920 census, Corsicana was given a count of 11,356 with a population of 50,624 in Navarro county. During 1924 and 1925 Corsicana's population received its greatest impetus reaching a temporary peak of about 25,000 population. Recent surveys and unofficial counts give Corsicana an estimated population of around 20,000.

To check present information files of the Chamber of Commerce, the organization obtained from Leon E. Truesdell, chief statistician for population of the bureau of census, Washington, the official population figures for the previous six censuses on the city and county.

Results of the population checks indicate the solid and consistent growth of the county. The totals follow:

Census	Navarro Co.	Corsicana
1920	50,624	11,356
1910	47,070	9,749
1900	43,374	9,313
1890	26,373	6,285
1880	21,702	3,373
1870	8,879	30

Three Small Negro Children Burn Death
ENNIS, March 7.—(U)—Three children of Ike Shaw and his wife, negroes, were burned to death in a fire that destroyed a small house on the J. D. Hunter farm near here today. The parents were working in the field when the fire started. Origin of the fire is unknown.

OPPOSING FORCES ARE STRENGTHENING BORDER POSITIONS

(Continued From Page 1.)

newspaper El Estampado says that troops of General J. M. Aguirre which had abandoned Vera Cruz are returning in an attempt to re-occupy the city.

Rebels failed to make their escape southwards to the Isthmus of Tehuantepec.

NOGALES, ARIZ., March 7.—(AP) Mexican federalists and revolutionists were strengthening their positions in the border area today.

The 500 troops at the revolutionary garrison in Nogales, Sonora, across the international line here, were augmented by 1,000 soldiers under Fausto Topete, governor of Sonora and one of the military leaders of the revolt. The troops were moved from Hermosillo, capital of the state.

Loyal federal forces under Governor Abelardo Rodriguez completed pontoon bridges across the Colorado river between Baja California and Sonora last night. General Aguirre, a subordinate of Rodriguez, had previously occupied San Luis, Sonora, without resistance and was awaiting development of plans for a movement against the insurrectionists in Sonora.

Federals Get Supplies.

The federals purchased supplies and three tractors in Yuma, Ariz., and chartered motor trucks from the fisheries along the gulf.

More than 6,000 Mayo and Yaqui Indians have joined the rebel army in Sonora, highway engineers returning here from Hermosillo said. Most of these were reported moving southward against federal forces in Sinaloa.

Officers in command of rebel forces in Nacozari, Aguirre, Sonora, appeared agitated over reports that troops under General Gonzalo Escobar at Monterey had met reverses, but General Francisco Borquez, commanding the insurrectionists in Sonora, said he was officially withdrawing General Escobar had merely withdrawn his men to a stronger position.

Reports that a revolutionary cavalry detachment was attempting to invade Baja California by way of San Luis, Sonora, caused officers of the Mexican army to be alerted, to move six truckloads of currency across the line to Calexico, Calif., last night.

Priests to Hold Masses

Priests of the Roman Catholic church in Sonora today planned to hold the first masses since July, 1926, as a result of Governor Topete's proclamation of religious freedom several days ago. The churches were closed by the clergy because of what they regarded as unreasonable religious laws.

The Rev. Jose M. Pablos said he would assail the Calles administration in a sermon at Nogales, Sonora, and ask his congregation to pray for the success of the revolution.

"It is a fight for life," the priest declared. "Either this present movement must triumph or we must once more give up our liberty."

Communication Bad.

NEW YORK, March 7.—(AP) Telegraph communication between the United States and Mexico City was hampered today. The Western Union announced that its land lines between Vera Cruz and Mexico City had been cut. Telegraph communication with Mexico City ordinarily is by land lines to Galveston, Texas, thence by cable to Vera Cruz and land lines to Mexico City. There are Mexican government lines between the capital and Vera Cruz in addition to the Western Union.

Train Leaves for North.

MEXICO CITY, March 7.—(AP) The first train north out of Mexico City since the outbreak of the revolution left for Laredo at 9 p. m. Wednesday.

An official statement promises the restoration of regular air mail and passenger service between Mexico and Tampico on Thursday.

Move Headquarters To Piedras Negras

EAGLE PASS, March 7.—(AP) Acting Governor Sillar of Coahuila, Mexico, has moved his headquarters from Saltillo to Piedras Negras, across the Rio Grande from Eagle Pass, because of conflicts between General Gonzalo Escobar, rebel leader, and loyal troops near Saltillo, it was reported here today.

News also was received here that federal troops seeking to prevent the flight of General Escobar from kilometers of railroad track between San Juan de Alameda and the Saltillo vicinity, had torn up 90 Barroteran. General Escobar was reported to have started a drive toward Piedras Negras in an effort to elude federal troops which were attempting to trap him.

Gen. Almazan Captured.

LAREDO, March 7.—(AP) A telegram to friends of General Andreu Almazan, loyal Mexican general, from Mexico City today said the general had been captured at Saltillo by rebels.

Friends of the general here said that Almazan, who had been divisional general in charge of federal troops in the state of Coahuila, had gone to Monterey and then to Saltillo in pursuit of General Gonzalo Escobar, rebel commander. When Almazan reached Monterey Escobar had fled, but in a conflict at Saltillo the loyal general's troops were overcome by rebels and General Almazan captured, the friends said.

NEW YORK, March 7.—(AP) Mexico City was virtually isolated from communication with the rest of the world for several hours today, all important inland telegraph lines apparently having been cut.

Some time before noon communication between Tampico and Mexico City was cut off, but was working none too well under heavy congestion.

The main land line from Vera Cruz to Mexico City was lost at 8 p. m. Eastern Standard time. Cable service both to Vera Cruz and Tampico was open.

The northern border was closed except that Laredo, which is the main artery of overland communication, was able to reach as far south as Monterey.

Nogales, Arizona, the crossing point of the Southern Pacific-Mexico Railway also was closed.

Radio service appeared in doubt.

Troops to Vera Cruz; Handbills to Rebels

MEXICO CITY, Mar. 6.—(Wed.nesday)—(AP) Victorious federal troops today converged on Vera Cruz to deliver what the government hopes to be a coup de grace to the rebellion headed by General Gonzalo Escobar and General Aguirre.

Provisional President Portes Gil's announcement of the recapture of Monterey and Cordova predicted the revolt would soon be crushed and the city of Vera Cruz retaken by government forces.

Delegates of the National League of Farmers voted to support the government against the revolutionists. It was stated that members of the league throughout the nation were ready to enroll in a volunteer army. The government received notification of support from another important source in a decision by Mexico City merchants to fix the prices of food and necessities for the prevention of profiteering.

Communique Issued.

The government's communique stressed successful military action against the rebels on both the northern and eastern fronts, the described General Escobar's flight from Monterey and the defeat of another rebel leader at Coahuila. A further important victory was reported in the recapture of Cordova in the state of Vera Cruz.

The communique said that General Aguirre, the rebel leader at Vera Cruz, had lost a large share of his support and that only two isolated military units of revolutionists remained in the whole state of Vera Cruz, one at Perote and the other at Jalapa.

A later announcement added the troops of General Escobar had been driven out of Saltillo where they had taken up a position after their defeat at Monterey. The Escobar contingent is reported against him on the way to Torreon along the western border of Coahuila.

Government officials think General Aguirre has only 600 men left in his command. Colonel Tejada, governor of Vera Cruz and loyal supporter of the federal regime, is thought to be at Paso de Ovejas with 2,000 men. This place is twenty miles from the city of Vera Cruz.

Revolt Against Aguirre.

It was learned in a well informed quarter that part of the forces originally supporting General Aguirre in Vera Cruz rebelled against him and drove him out of the city. Several street fighting is said to have occurred. The general with a small group of followers in thought to have sought refuge by putting to sea or by fleeing into the woods north of Vera Cruz.

The Western Union wires between Mexico City and Vera Cruz were cut tonight. All service between Mexico City and the outside world by this channel ceased immediately. The Aguirre group of rebels is believed to have cut the wires to aid its evacuation of the city.

Rebel forces are reported to be in complete rout everywhere within the important cities of Orizaba, Cordoba and Jalapa once more in the hands of federal troops.

Drops Handbills From Air.

The government ordered a squadron of military aviators to fly over the forces of General Escobar and drop handbills explaining to them that they are rebelling against the national government. This action is in connection with charges made by officials here that General Escobar had deceived his supporters by telling them they were on the side of the government.

The airplanes will also drop copies of Mexico City newspapers on the situation in the capital. General Ortiz, leader of the loyalist forces at Monterey, wired ex-president Calles that General Escobar had confiscated government funds before evacuating the city but his

YOUNG STREETMAN WOMAN DIED LOCAL HOSPITAL TUESDAY

Mrs. Exmal Ferguson, 22, wife of J. E. Ferguson of Streetman, died at the Corsicana Hospital and Clinic Tuesday night at 8:10 o'clock and the funeral was held at the St. Elmo church Wednesday afternoon at 2:30 o'clock. The funeral was conducted by Rev. Parnell of Streetman. Interment was made in the St. Elmo cemetery.

The funeral was under the direction of the Corley-McMahon Funeral Home of Corsicana.

Surviving are her husband, parents, Mr. and Mrs. Walter Hood, Streetman, five brothers, J. H. Hood, Corsicana; R. T. Hood, Dallas; A. F. W. D., and L. C. Hood, all of Streetman; five sisters, Mrs. S. R. Butler, Mississippi; Mrs. J. T. Dunham, Dallas; Mrs. Verna Chambliss, Corsicana; Mrs. Ben Horn, Corsicana; Miss Mary Ida Hood, Streetman.

Flight had been so precipitous that a million rounds of ammunition, five machine guns and several hundred thousand dollars in cash were

Former Police Head Taken.

General Jesus Palomera Lopez, former chief of the military police in Mexico City, was arrested in the state of Michoacan when he was on the point of turning his regiment against the government. He was held for summary court martial. General Lopez, while military police chief, won a reputation for strict dealing and swift punishment of criminals.

The department of justice issued processes today condemning the property of all leaders of the revolution. Those named specifically include General Jesus Aguirre, General Francisco Manzo, General Fausto Topete the governor of Sonora, General Escobar and General Roberto Cruz, a former chief of police in Mexico City.

A government statement said the naval forces which steamed out to sea at the beginning of the rebellion, welcomed messages during the government of their loyalty.

SONORA Garrison Reinforced.

NOGALES, Sonora, Mex. March 7.—(AP) A troop train bearing 900 rebel soldiers arrived here about noon today, increasing the garrison of General Aguirre's forces, who encamped with 1,500 men here last night to 2,500.

Governor Topete, who holds a general's rank in the rebellion, is second in command to General Francisco Manzo in this district.

Calles Peeved at Revolt.

NEW YORK, March 7.—(AP) The statement by Plutarco Elias Calles, former president of Mexico and now secretary of war under President Portes Gil, in which he said "No armed movement in Mexico in recent years has less real justification than the one headed by former General Aguirre and Manzo."

"We have before us," he said, "a movement started by ambitious and corrupt military leaders, who, without the remotest idea of revolutionary sociology and economics and without the least objective of benefitting the masses, have rebelled against a civil ruler whose last three months of administration have portrayed him as an executive strictly obedient to the law, a man of immaculate public and private morals now and in the past."

He predicted that within 48 hours Vera Cruz will be again under federal control.

One Line Open.

Tiger Teasers Are Thankful For Help Corsicana Citizens

George Carson, director of the "Tiger Teasers Band" which leaves early Friday morning for College Station to play for the state basketball meet, stated, that in behalf of the Tiger Teasers, he wished to thank every person instrumental in making the trip to Waco and College Station possible by turning out to hear the benefit concert held at the Corsicana high school auditorium last Thursday night. Special thanks were accorded the Daily Sun for their help in advertising the concert and to L. V. Cole for a very liberal donation.

Maverick County's First Oil Well Is Rycade Operation

DALLAS, March 7.—(AP)—Maverick county's first well has been completed by the Rycade Oil Corporation. The test, the No. 1 Chittim, came in at 3,200 feet. The production was estimated at 200 barrels daily.

Seismograph crews, working for several oil companies, are in Bracken county searching for salt domes. A number of leads it was said, have been bought by a few of the major oil companies.

Mexican General Executed Thursday

MEXICO CITY, March 7.—(AP) (1:05 p. m.)—General Jesus Palomera Lopez, ex-chief of the Mexican City military police, was executed as a rebel by a firing squad in the yard of the national palace here at four a. m.

Telephone line was open today between the United States and Mexico City, officials of the Southwest Bell Telephone company said. That was the line from Dallas by way of Laredo.

Calls on that line were limited to representatives of the two governments, and individuals were told they would have to wait indefinitely.

The one line was put back into service at 10:45 p. m. last night. It had been dead since Monday night.

W. H. Warren went to Dallas, Thursday morning.

Henry Boyd of White's Chapel was in Corsicana Thursday.

BATTLE OF TITANS FOR CONTROL GREAT CONCERN UNDER WAY

(Continued From Page 1.)

before the annual meeting of stockholders was called to order at noon today was that Col. Stewart, former lawyer-politician-rough rider and 62-year-old chairman of the company's board, was whipped; that the Rockefeller forces, assailing his "moral fitness," had more than enough proxies to end his eleven years' leadership.

Stewart is Silent.

This Col. Stewart would not admit; nor would he make any more claims of victory, as did his antagonists. He said he had made an energetic campaign for support; that he had a majority of stockholders behind him, though they might not represent a majority of the stock; that his fellow directors had given him their endorsement.

Proxies only count today and Mr. Rockefeller's field leader—Winthrop W. Aldrich of New York—went to today's meeting with the announcement that the Rockefeller faction held control.

At the last minute the talk had turned not to who would win but to how great an advantage the Rockefeller group would possess. The estimates ran from a million to five million shares. Half votes, as votes are counted in shares of the company's stock. The Rockefeller forces claimed control of fifty-nine per cent of the company's 9,000,000 vote shares. The claim was made after a check of all proxies had been made.

Slated For Places.

Should Col. Stewart lose, there would be three vacancies on the directorate to be filled. It was understood the Rockefeller leaders had decided these vacancies should be filled by the election of Dr. William A. Burton, former president; Thomas S. Cooke, now in charge of manufacturing for the Pan-American Petroleum Transportation corporation, a subsidiary; and Dr. G. C. Cash, manager of the Whiting refinery.

Earlier predictions that E. G. Seibert, president of Standard Oil of Indiana, would succeed Stewart as chairman should the election go against the Rockefeller group, were regarded today as erroneous. The best information was that Seibert, who has been supporting Col. Stewart, would remain as president and executive officer, but that Dr. Burton would be named chairman with final authority.

Indiana Standard Earnings Set Record

WHITING, Ind., March 7.—(AP) Net earnings of \$33,437,166 in 1928

established a new record for the Standard Oil Company of Indiana, the annual report showed today.

Surplus and earnings per share also established new high marks, said Col. Robert W. Stewart, chairman of the board. The net earnings were \$50,238,710 greater than for 1927, amounting to \$8.33 a share as compared to \$3.28 for 1927. This represented a profit of 16.76 per cent on capital invested which, at the close of 1928 was \$461,462,304, as compared with \$407,539,379 at the end of 1927. Total assets, including investments in subsidiary and affiliated corporations were listed at \$498,371,642.

Net earnings after deductions for taxes were \$77,337,166 for 1928, an increase of \$47,204,710, while the sales department marketed 35,232,806 barrels, as compared to 33,131,975 barrels in 1927.

The company ended the year with a surplus of \$156,476,947, an increase of \$49,939,717 over 1927. Cash dividends amounted to \$32,416,528 paid on 9,284,668 shares of stock.

"Your board is pleased to be able to conclude its analysis of this balance sheet with a statement that in its estimation the present position of the company is exceptionally strong," the report said.

Increased realization on sales of petroleum products brought earnings of \$5,744,670 after federal taxes to the Midwest Refining Company, a subsidiary, as compared to \$2,166,652 after taxes in 1927. Standard of Indiana owns 69.9 per cent of the Midwest stock.

The Dixie Oil Company, subsidiary producing company, had a loss of \$1,562,736, attributed to reduction in the price of crude oil and heavy development expense in Texas.

Production in Texas increased 1-87,952 barrels, but in Oklahoma and Louisiana it decreased 688,312 barrels. More than 800,000 acres of oil lands in Texas, Louisiana, Michigan and Kansas were acquired during the year.

Meeting Is Opened.

WHITING, Ind., March 7.—(AP) With all the solemnity of a church gathering, the annual meeting of stockholders of the Standard Oil Company of Indiana was held in a community house here today in a session regarded as certain to result in the defeat of Colonel Robert W. Stewart for reelection as chairman of the board of directors.

Merlin A. Traylor, president of the First National Bank of Chicago; William A. Burton, former president of the Standard Oil Company

pany of Indiana, and Gentry Cash, manager of the Whiting Refinery, were placed in nomination to fill the vacancies on the board of directors. The selections were read from the floor by Winthrop Aldrich, representing John D. Rockefeller, Jr.

Mr. Burton was named to succeed Robert W. Stewart as chairman and Mr. Traylor to succeed L. L. Stephens, general counsel.

Mr. Cash was named to fill the vacancy caused by the death of Beaumont Parks, vice president.

The board of election reported that a total of 8,460,120 votes had been cast, 8,174,110 being represented in person and 7,628,710 being proxies.

After the report of the board had been approved, the minutes of the meeting were read by Felix T. Graham, secretary.

The election of the directors was deferred until after Mr. Stewart had read his annual business report.

Stewart Acknowledged

Colonel Stewart's business report followed the reading of the minutes and was a glowing account of the company's activities in 1928.

When Colonel Stewart finished reading his report, the entire audience rose with a storm of applause. There were shouts of "Hail, Hail!"

The colonel flushed and smiled. He waited for the demonstration to subside and then took up the matter of the third stock purchasing plan for employees. Allan Jackson, vice president, made a motion that the plan be adopted by acclamation effective April 1, 1929.

Winthrop Aldrich seconded the motion.

The vote was unanimous.

Colonel Stewart said that while he was placed in an embarrassing situation inasmuch as his name was among those directors up for reelection he would consent to serve as presiding officer as provided for by the company's by-laws. He said that since a group of New York men there was quite interested in the meeting he would be glad to have one of them come to the platform and assist him.

ANDERSON DIES

BRECKENRIDGE, March 7.—(AP) G. A. Anderson, assistant superintendent of the Humble Oil company experimental station, injured in an explosion yesterday, died today.

NAVARRO SCHOOL HEARD INAUGURAL ADDRESS BY HOOVER

Navarro, March 7, 1929.

Through the courtesy of Mr. C. A. Tripp our school was privileged to hear the inaugural ceremony. This occasion was one of pleasure and profit alike for students and faculty.

Nothing else employed in teaching high school civics has stimulated quite so much interest. I am convinced that modern education must recognize the radio as a many subjects, especially social common-sense means of teaching science subjects.

H. A. GARLAND, Supt. Navarro School.

VALIDATION ENGROSSED

AUSTIN, March 7.—(AP) The constitutional amendment proposed by Senator Julien C. Hyer of Fort Worth to authorize the legislature to validate patents issued from illegal surveys was engrossed today by the senate.

ROAD BUILDING IN CORSICANA SECTOR IS BEING RESUMED

POURING CONCRETE ROANE LATERAL; HIGHWAY 75 WORK PROGRESSES

With the past few days of favorable weather conditions, the road building program in Consolidated Road District No. 1 has been resumed and progress is being made. P. P. McGraw, contractor, is pouring about 1000 feet of concrete on the Roane lateral road and the work will be finished on this sector by the last of this week or early next week. The drainage structures are being constructed on the Corsicana-Corbet lateral road.

Grade and drainage structures on the sector of National Highway No. 75 between Richmond and Streetman are under construction at the present time. The engineering work on Highway No. 75 through Navarro county, north and south, has been completed through the county with the exception of about two miles north and two miles south of Corsicana, according to W. W. McClendon, Navarro county engineer, and this work is being held up pending official designation of the route of the highway through the city of Corsicana. Mr. McClendon stated that nothing further could be done on this project until the federal highway department had designated the route through Corsicana.

It is expected that if the weather conditions continue favorable, the grade drainage structure work on the Corsicana-Emhouse lateral road will get under way within the immediate future.

LINDBERGH ABLE TO USE HIS RIGHT ARM WEDNESDAY

MEXICO CITY, March 6. (Wednesday)—Colonel Charles A. Lindbergh had the use of his right arm today for the first time since the accident a week ago at Valbuena Field when his plane capsized on landing from a picnic trip with his fiancée, Miss Anne Morrow. His physicians had given him the go-ahead to use his right arm to remove the sling which had held his arm in place until effects of a dislocated shoulder could be overcome. Popular interest in revolutionary activities has drawn attention away from the colonel's romance. Both Colonel Lindbergh and Miss Morrow are delighted with their freedom from publicity. An authoritative source denied reports circulating tonight that invitations to the Lindbergh-Morrow wedding had been transmitted to the United States by secret code. No wedding invitations, it was stated, had been sent and date for the wedding had not been fixed.

FORMER RESIDENT OF NAVARRO COUNTY DIED IN OKLAHOMA

Mrs. Mary West, aged about 65, wife of H. P. West, at one time sheriff of Navarro county, died at her home in Altus, Oklahoma, last week and burial was made there. Mrs. West was a native of Navarro county and resided here for many years. Prior to her marriage, she was Miss Mary Durham, a daughter of Rev. Durham, one of the earliest settlers in Navarro county. Surviving are her husband, several children, two sisters, Mrs. Frank Cheney, Corsicana; Mrs. W. B. Sweatmon of Hamilton county, formerly of Corsicana, and a number of other relatives. Mrs. West was a cousin of Clay Nash, county judge.

AN WHOSE CLOTHES? ATLANTIC CITY, March 7.—(AP)—A man must spend at least five percent of his income on clothes in order to be well dressed enough for an expert. The ukase was given in convention by Sidney Loeb, director of public relations of the National Association of Retail Clothiers and Furnishers.

Hoovers' New Home

Following the inaugural, March 4th, President and Mrs. Hoover have moved into the luxurious White House at Washington, D. C., the home of the President. The exquisitely furnished red room, above, and the elaborate dining room, below, give some idea of how well the Chief Executive and his wife are provided for by the country.

Army Blimp Has Returned to Its Lakehurst Hangar

LAKEHURST, March 7.—(AP)—The army blimp TC-5 came here from Washington today. Captain William Flood was in charge of the ship and there were three passengers aboard.

The TC-5 with the J-4 took part in the parade of lighter-than-air craft the inauguration of President Hoover. The two J ships were deflated at Anacosta, during the recent storm and will be shipped here. The TC-5 rode out the storm and visited Aberdeen, Md., before returning here.

BETTER EMPLOYED

NEW YORK, March 7.—(AP)—For six years Gertrude Sanford, 27, daughter of a wealthy sportsman, has preferred the thrills of big game hunting to society. She is now in the wilds of Abyssinia in search of Nyala, a rare species of antelope. On previous hunts she has killed elephants, lions, leopards and rhinos.

DEATH PENALTY TO BE SOUGHT FOR MURDER DEFENDANT

ANSON, March 7.—(AP)—The death penalty will be asked for Bill Fritts, Haskell county farmer, on trial here for the murder of D. W. Hamilton and son, Earle, shot to death in front of their home near Rochester last October. Fritts is expected to plead insanity.

Seven jurors had been selected when court adjourned last night. Fritts' plea for a continuance on the ground that his wife, an important defense witness, was the mother of a two-day old child and could not attend court, was denied. The state charged the Hamiltons were slain after Earle had been summoned to testify in a liquor case against Fritts. Mrs. Hamilton said Fritts came to their house to ask Earle to "leave the country," but that her son refused.

TWO KILLED WHEN HUMBLE EXPERIMENT STATION WRECKED

BRECKENRIDGE, March 7.—(AP)—The second death from the explosion at the Humble Oil company's experimental station occurred today. Jack Lucas, welder, died in a hospital.

Dr. J. W. Pugh, 35, plant superintendent, died several hours after being rushed to a hospital.

G. A. Anderson, the third victim of the blast to be sent to the sanitarium, was in a serious condition, and little hope was held for his recovery. Several other persons sustained minor burns.

Company officials were here today to investigate the explosion and to ascertain its cause.

BRECKENRIDGE, March 7.—(AP)—Investigation was begun today into the explosion late yesterday that destroyed the laboratory of the Humble experiment station 10 miles from here and cost the lives of two men. Dr. J. W. Pugh, 35, plant superintendent, and Jack Lucas, welder.

G. A. Anderson, assistant superintendent, received burns expected to cause his death. He was kept alive by the administration of oxygen.

Company officials were unable to give the cause of the blast. They said there was a terrific detonation, and that an instant later the laboratory burst into flames.

To reach the bedside of her husband before his death Mrs. Pugh chartered a plane at Austin and flew the 225 miles here. She reached the hospital an hour before Dr. Pugh died. Mrs. Pugh is an employee of the house of representatives.

Torpedo Plant Blast. AMARILLO, March 7.—(AP)—Officials of the Morrissey Torpedo company plant 10 miles from here, destroyed in an explosion last night, said after a checkup that no lives were believed to have been lost. Cause of the blast that demolished the big nitro-glycerine plant had not been learned. The explosion was heard 10 miles away and houses shaken for several miles around.

Fire which followed the explosion spread over the surrounding prairie and for a time threatened to destroy hundreds of acres of grass. It was brought under control by Tex Thornton, noted oil well fire extinguisher.

CALVIN'S FLOOR RAISED

NORTHAMPTON, Mass., March 7.—(AP)—Calvin Coolidge can now read in comfort. The floor of his living room sagged while he was away from town. Shortly after he returned he passed an hour in the cellar directing two workmen in shoring up. Each was tipped a cigar.

HIGHWAYS RECEIVE MAJOR ATTENTION CHAMBER MEETING

DIRECTORS AGREE TO MAKE EFFORT HAVE HIGHWAY 75 DESIGNATED

Road problems consumed the major portion of the regular meeting of the directors of the Corsicana Chamber of Commerce Tuesday morning, and it was unanimously agreed by the directors that every effort should be directed toward securing of the official designation of federal highway 75 through Corsicana in order to release a number of other projects.

It was reported that sentiment is rapidly crystallizing in favor of designating the route from Beaumont to Fort Worth by Palestine and Wildcat Ferry as a state highway, and that Waxahachie and Dallas had both reported that they would assist in any way possible.

President Jester declared that it might be unwise to make a request for funds on this road at present because of the limited finances of the state highway department in the absence of further legislation providing an income. Mr. N. Edens declared, however, that the directors and citizens should go ahead and make their request, and if it were denied, to make the best of the situation, and at least permit the construction of the proposed road to Three-Way Filling Station.

It was also shown that a number of projects were being held up until federal highway No. 75 was finally located, so that the laterals and minor roads could join this highway properly, and the directors agreed that every effort should be made to have the location announced soon. Mr. Edens declared that the commissioners court was being wrongfully construed for the delay when it was no fault of theirs.

On motion of R. L. Wheelock, the directors voted to have the chairman a large committee to cooperate with delegations from other points and secure if possible a designation of the Wildcat Ferry project as a state highway.

W. Roy Christian made a brief report of his visit to Topeka, Kan., as the representative of the Dallas Chamber of Commerce to the Highway 75 association meeting.

The directors voted to cooperate with citizens in the western part of the county and with Hill county in securing a good road between Corsicana and Hillsboro.

The directors extended an urgent invitation to County Judge Clay Nash to attend all of their meetings and to help them on road matters particularly.

It was reported that work was now under way on the hangar at the municipal airport and that a big celebration was being planned for the opening day with the Shriners taking a prominent part.

Secretary R. L. Wheelock reported that the census bureau had tentatively agreed to make Corsicana the headquarters for this district. He also reported that Gardner S. Rogers, nationally known city planning expert, would be in Corsicana April 16, for a series of conferences.

At the conclusion of the meeting the budget of the chamber was discussed briefly, and President Jester announced that a committee was now making extensive plans for carrying on the work of the organization. He announced that the list of standing committees would probably be announced at the next meeting.

Among the present at the meeting were: R. L. Wheelock, B. H. Jester, J. E. Butler, J. M. Dyer, Sr., A. G. Elliott, W. Roy Christian, C. L. Jester, J. N. Edens and W. P. Brown.

FUNERAL SERVICES HELD TUESDAY FOR CORSICANA WOMAN

Mrs. Sannella Hoffman, 50, wife of Joseph H. Hoffman, employee of the Magnolia refinery, died at the family home, 706 South Twentieth street, Monday afternoon at five o'clock following a lingering illness, and the funeral was held from the Methodist Protestant church Tuesday afternoon at 2:30 o'clock with burial in Oakwood cemetery. The services were conducted by Rev. M. J. Farrell, pastor of the Methodist Protestant church. The funeral was under the direction of the Sutherland Funeral home.

Mrs. Hoffman was born in Tennessee but had resided in Corsicana most of her life.

Surviving are her husband, seven sons, Billy Hoffman, Amarillo; Jodie, Christian, Herbert, Samuel, Robert and Jack Hoffman, all of Corsicana; four daughters, Mrs. Flora Sentry, Amarillo; Millie, Catherine and Carrie Hoffman, all of Corsicana, and other relatives.

MEMORY OF EVERETT ALLEN

The death angel called dear Everett and it was a shocking surprise to receive.

Oh, my heart is broken, my heart is broken, I could not look into your eyes and bid my sorrow cease, I can only wonder if you were in perfect peace.

You had a lip of laughter, you had a witty tongue, you had a heart that was true.

And well I know we will miss you among the shining sun.

Your form was of medium height, you had a sparkling eye.

And how could I resist you, I could not resist you, I could not resist you.

Green be the grass above and, Oh, how sweet the roses bloom.

Our loving hands may lay on your mound above your silent tomb.

And we can only say goodbye to you.

Your face we cannot see no more, we hope to meet you on that bright and shining shore.

And while I sit and write this my heart is very sad.

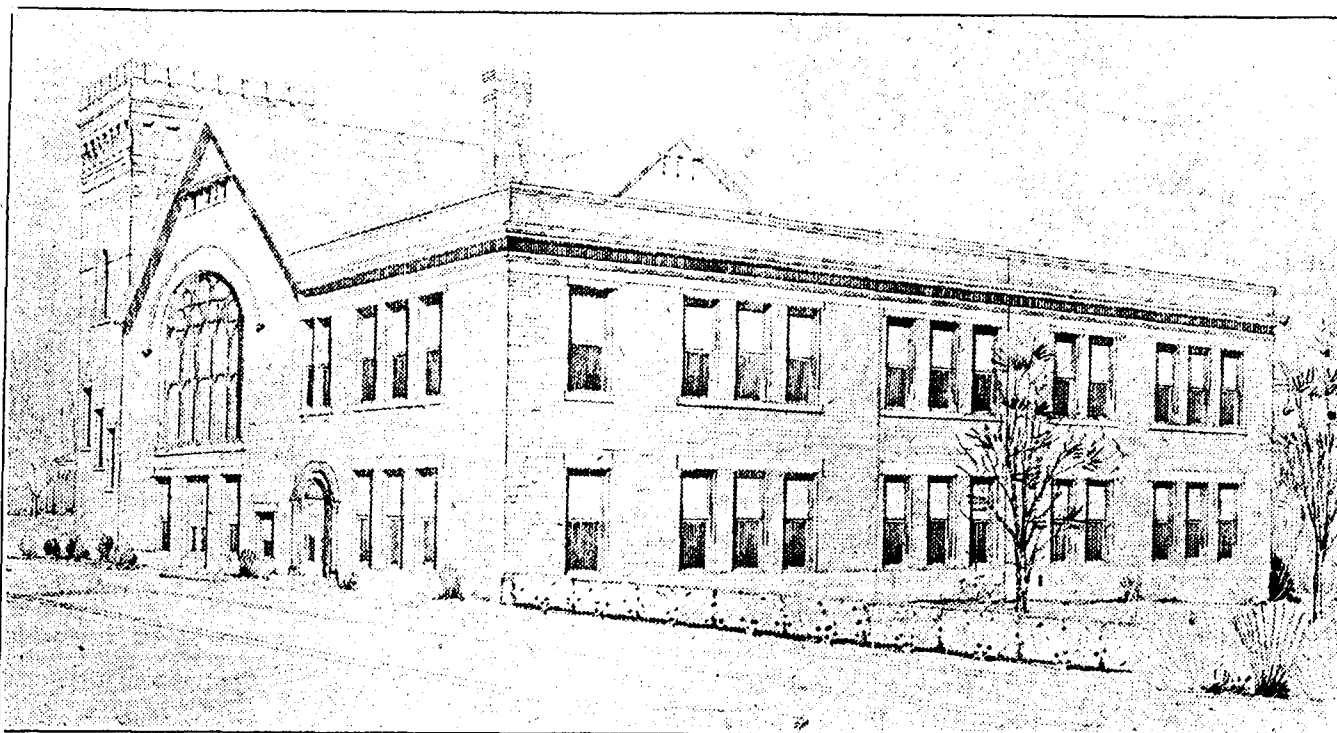

But to know you with Jesus it makes me feel glad.

Weep not dear ones for Everett, for he has gone to rest.

To sleep with Jesus for ever blessed.

—Written by one who loved him. His Aunt.

NEW THIRD AVENUE PRESBYTERIAN CHURCH ANNEX

Above is a view of the Third Avenue Presbyterian church with the educational building as an annex which will be constructed in the near future.

The Sunday school annex will adjoin the present building on the west and will be thirty by eighty feet and two stories high. It faces Third avenue and corresponds with the main auditorium in architecture.

Modern equipment will also be used throughout. Members of the finance committee and Rev. P. Martin Baker, pastor, stated Monday afternoon that the funds for the building were being rapidly raised and that over half of the amount necessary had been pledged already. Considerable more is expected to be added to the

COURT HOUSE HAPPENINGS

The trial of Dr. A. D. Sanders started in the Thirteenth Judicial District court Tuesday morning at 10 o'clock. The accused is charged by a grand jury indictment for the alleged receiving and concealing stolen property. The case is being handled by J. S. Cailliet and W. A. Tarver.

A motion to quash the indictment was filed by the defense, but the testimony on the motion has not been heard. Indications Tuesday morning were that the jury would not be completed before the afternoon and the introduction of testimony was not expected to begin before some time late in the afternoon.

Marriage License.
H. Osborn and Ruth Norton.

Warranty Deeds.
E. Y. Jordan et ux to J. W. Carroll, part of lot 7, block 2, D. W. Wright addition, Barry, and 1 acre D. W. Wright tract, \$1,500.

M. T. Morrow to J. N. Morrow, interest in the minerals in 53 acres T. T. Curry survey, Navarro county, and 50 acres William Ritchie and T. T. Curry surveys, Freestone county, \$10 and other considerations.

Justice Court.
One was fined Monday in the court of Judge W. W. Clifton for alleged drunkenness.

Norman Lindsey, infant son of Mr. and Mrs. E. L. Lindsey is in the Navarro County Hospital.

Angus Girl Married To Corsicana Man on Wednesday Afternoon
Miss Lola Pryor of Angus, attractive daughter of Mr. and Mrs. Joe Pryor, became the bride of Mr. J. Prince of this city, who is with the Central Texas Refining Company, on Wednesday afternoon, at 3:15, at the study of the pastor of the pastor of the First Baptist church, Rev. J. Howard Williams. Mr. and Mrs. Prince left immediately for Dallas and Fort Worth for a few days' wedding trip. They will make their home in Corsicana upon their return.

The hearty congratulations of their many friends are awaiting them.

Mrs. W. C. Wainwright underwent a major operation at the Navarro County Hospital Wednesday.

FORMER CORSICANA RESIDENTS DO WELL IN WICHITA FALLS

Mrs. Joe Woods spent last week end in Wichita Falls visiting her nephews, R. C. Dublin and J. Marion Smith. Chester Dublin is in the firm of the Underwood Drilling company which company once operated in the Mexia field. Marion Smith is decorator for the W. B. McClurkin Dry Goods Co., one of the largest stores of the city, store occupying nearly the length of the block with eight big show windows on one side and two large windows at the front. Mrs. Woods felt friends who knew Marion, who was born here and whose father John M. Smith, grew to manhood

Corsicana Will Be Represented Ennis

Corsicana will be represented at the annual meeting of the Ennis Chamber of Commerce next Tuesday by Mr. and Mrs. Henry Gentry, Miss Estaleen Edwards, and Mr. and Mrs. Roy Christian.

Representatives of the Ennis Chamber were guests at the recent banquet held by the local chamber.

MARRIED AT TEAGUE.

TEAGUE, March 7.—(SI)—Davis Kitchens and Miss Margaret Loomis, both popular students of the Teague high school were married Saturday night by Rev. H. J. Hayes, pastor of the First Methodist church.

The couple will make their home in the city.

In Corsicana, would be interested to know what artist in his line this young man has become. The windows, she stated, would be a credit to Dallas, or in fact, to New York City and the quiet elegance and well thought out plan of each window attested the fact that much thought and artistic ability had been given each. Marion won third national prize in a window contest recently.

Mrs. Woods stated that there had not been so much rain in the Wichita Falls section as has been the case in Corsicana.

Stunters Want to Help Open Airport

Numerous inquiries are being received by the Corsicana Chamber of Commerce from parachute jumpers and other air stunters concerning the formal opening of the Municipal airport about the first of next month.

Elaborate plans are being worked out for this occasion which will include numerous stunts, passenger rides, and their presence of a large number of planes from all parts of the state.

Christian to Seek Road Information

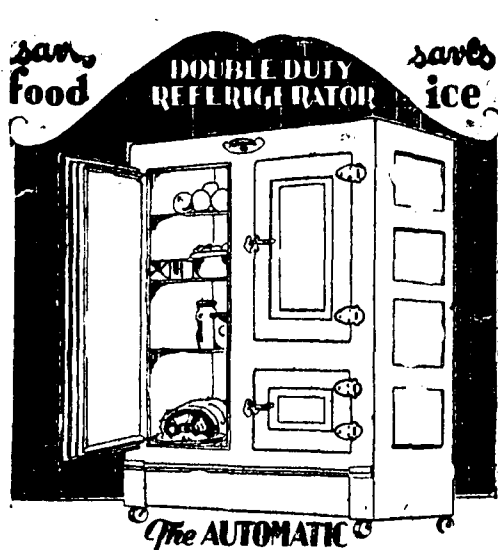

Information in regard to the road plans of McLennan county was sought by W. Roy Christian, secretary of the Corsicana Chamber of Commerce, on his visit to Waco Thursday. He will attempt to formulate plans for co-operating in securing a better road between the two cities.

Mr. Christian will take part in the Corsicana Little Theatre production "Craig's Wife" to be presented in Waco Thursday evening.

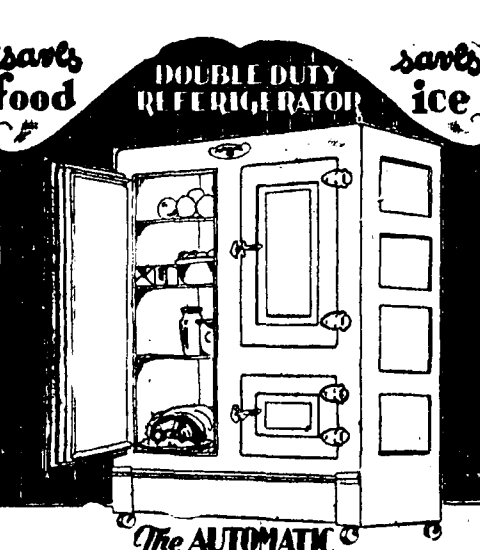

R. C. Oliver was able to go home Wednesday from the Corsicana Hospital and Clinic.

Luther Garrett is reported improving at the Corsicana Hospital and Clinic after an attack of pneumonia.

SCHOLASTIC CENSUS OF NAVARRO COUNTY BE TAKEN EARLY DAY

SUPPLIES FOR CENSUS TRUSTEES HAVE BEEN MAILED BY COUNTY SUPERINTENDENT

Census supplies for the census trustees of the various school districts of Navarro county have been mailed out, Andrew G. Steele, Navarro county superintendent, announced Thursday afternoon. Mr. Steele stated that the school children of the county are to be taken by the legislature does not go into effect until 1930 and the census takers were not to enroll the six-year-old children as scholars. He said that the census trustees were urged to not overlook any school children in this district and that if any chance a scholar is overlooked, that the parents or guardians were urged to come to the superintendent's office after April 1 and the children would be placed in the proper school districts.

Another thing stressed by Sup. Steele was that the census takers were instructed to be sure to find out the language spoken in each home, whether it was English, Spanish, French, Polish, etc. The following persons have been appointed to take the census in the common schools of Navarro county:

Chaffield, J. J. Kell.
Rice, E. B. Walker.

SUPREME COURT RULES THAT TAX SURVEY COMMISSION CAN NOT BE PAID FROM STATE FUND

AUSTIN, March 7.—(AP)—The Travis county district court committed error in holding that the resolution passed by the 40th legislature creating a tax survey commission was unconstitutional insofar as it directed the payment of money out of the legislature's contingent expense fund for expenses of the committee, but it did not err in holding the resolution was unconstitutional insofar as it directed the payment of money out of the fund for compensation to legislative members of the committee, the supreme court held today.

A. H. King, member of the house from Throckmorton, brought suit attacking the constitutionality of the resolution creating the committee on grounds that seven of the 15 members appointed by the governor were members of the same legislature which created it, thus receiving "additional emoluments of office" in contravention to the constitution.

Members of the committee were to receive \$10 per day for each day they actually served. The committee had been functioning for some time when King brought suit against S. H. Terrell, comptroller, to enjoin him from issuing warrants to the committee. The case was tried without a jury and judgment was rendered perpetually enjoining Terrell and his successors from issuing further warrants upon the treasurer in payment of services or expenses in favor of members of the committee.

New City Mourns Passing of Town Toper Thursday

NEW CITY, N. Y., March 7.—(AP)—Flags on public buildings here were at half staff today as residents mourned the passing of Michael Whalen, the town toper, who spent twenty-seven of his fifty-four years in jail.

Whalen, at one time a prosperous contractor, was regarded with affection by the community despite a weakness for liquor which once a year for twenty-seven consecutive years brought him a year jail sentence. Just as regularly he would be released Whalen would start on a drinking bout which would bring him to the jail door begging admittance.

Taken ill several days ago while on a brief spell of freedom he was sent to Good Samaritan hospital. His only wish was that he be allowed to die in the jail which he called "home." But in this he was disappointed as he died yesterday in the hospital.

School Teachers Will Present Play

Applesauce, a three act comedy of American life, will be presented by the teachers of the Junior and Senior high schools in the high school auditorium Friday night, March 15th. The funds derived from the play will be used in adding books to the Junior high school library.

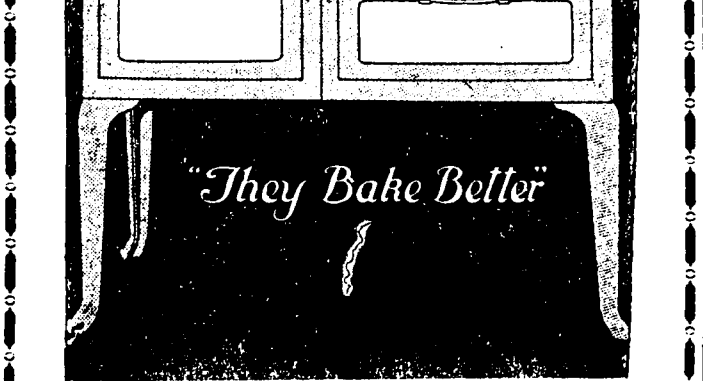

The play is typical of modern American life and full of laughter and dramatic moments.

Admission prices are sixty cents for adults and thirty-five for the students.

Lindbergh Refuses Confirm Mail Trip

MEXICO CITY, March 7.—(AP)—Colonel Lindbergh refused to confirm announcements in Mexico City newspapers that he would pilot a mail plane to Brownsville, Texas, Saturday inaugurating service over this route.

The Mexican Aviation company is known to be ready for the informal opening of service to Brownsville Thursday but the official start will not take place until Saturday.

ROTHSTEIN GUARD SLAIN IN MIAMI HOTEL LAST NIGHT

MIAMI, Fla., March 7.—(AP)—The man killed in a mysterious card game shooting affray at the Miami Biltmore hotel here last night was identified today as Tom Walsh, a former associate of Arnold Rothstein, New York gambler. Police expressed belief his slayer followed him from New York.

Identification was by Arthur L. Clark, participant in the game who was wounded. Under police guard at a hospital, he said a man unknown to him suddenly entered the Walsh suite unannounced while bridge games were in progress and opened fire.

Clark, who said that Walsh came to Miami from New York three weeks ago and that they had lived together at the hotel since his arrival a week later, told police: "You can say for me that I didn't shoot Arnold Rothstein."

The authorities, however, announced they intended to continue to question Clark and three other men held in connection with the shooting, concerning the possibility that the slayer of Walsh was linked with that of the former gambler, for whom he acted as bodyguard.

TEXAS BOLTING LEADERS SEEKING REWARD; COLQUITT WANTS NEFF'S OLD PLACE

WASHINGTON, March 7.—(AP)—A group of leaders of the Hoover democrats of Texas called on the president today to inform him they had a real working arrangement with the republican organization of the state, of which R. B. Creager, is national committeeman.

Leading the group were former Governor O. E. Colquitt, and Alvin Moody, chairman of the Hoover democratic organization of the Lone Star state. They said patronage was not discussed, but Mr. Colquitt already has been recommended for a position on the railway mediation board which has been held by former Governor Pat M. Neff of Texas, whose renomination failed of action at the last session of the senate, although favorably reported by the Interstate Commerce committee.

Senator Moses of New Hampshire called at the White House during the forenoon to endorse Mr. Colquitt for the place. The Creager organization also is supporting the former governor.

Members of the delegation said Mr. Hoover had expressed appreciation of the fine majority given to him by Texas last November and intimated it had come as a very

pleasant surprise as he had been doubtful that Texas would swing into the republican column.

Trophies and Medals Are Being Received

Trophies and medals which will be awarded to all winners in the Interscholastic League competition during the past year, are being received by Professor O. P. Allen, director general of the league in Navarro county. The trophies and medals will be on display in some downtown show window in the near future, the director general announced Thursday.

KILLED BY BLAST

SABINAL, March 7.—(AP)—J. E. Cummings, 56, Uvalde, was killed by a dynamite explosion on the Nixon Ranch near here yesterday while blasting post holes. Burial will be in Uvalde. He is survived by his widow and five children.

Opponents Wirtz Bill Scored Twice Today

AUSTIN, March 7.—(AP)—Opponents of the Wirtz senate bill giving the democratic state executive committee power to proscribe as voters and candidates those of the party who bolted the presidential ticket, outmaneuvered the proponents in the house today and refused to give the measure a special setting.

Although those favoring passage of the bill, now on third reading, had a majority, they were outnumbered by the rule that to bring a bill up out of order requires a two-thirds majority. A motion to set

PRESENT FOR ROYALTY

HOUSE WEDNESDAY FOLLOWED SENATE IN PASSING BILL

**VETOED BY MOODY ON
STATEMENT ATTY. GENERAL
IT WOULD BE INVALID**

AUSTIN, Mar. 6. (AP)—Senator Clegg C. Small's bill validating land titles crossing water courses became a law today when the house overrode Governor Moody's signature by a vote of 112 to 18. The senate yesterday passed the bill, 24 to 6.

Thunderous applause rolled up from the crowded gallery of West Texas land owners when acting Speaker Fred Minor announced the final vote, the first move of the session to pass a measure over the objection of the state's chief executive.

Vote After Debate.
The ballot came after more than an hour and a half of debate on the floor, consumed largely by proponents of the bill which affects river beds in 33 counties of the state.

Action on the measure was marked by unexpectedly feeble opposition. Rep. A. P. C. Petch of Fredericksburg, administration floor leader, waging a fight almost singlehanded against what he called was a steam roller, opposition to which "gained neither credit nor glory."

"The legislature never was intended to have the power to give away that which belongs to public schools of Texas, and by my vote I am going to act with the attorney general and governor," Petch declared.

The Fredericksburg lawmaker defended Governor Moody's action in disapproving the bill by asserting that the state's chief executive might have taken the easy path and signed it, but that he followed his convictions.

Editorial Is Read.
Representative Ben J. Woodall of Marshall, staunch opponent of the bill, asked that an editorial characterizing the measure as unconstitutional be read. Other than this gesture, there was no attempt to frustrate passage.

Representative H. N. Graves of Georgetown, strong administration follower, fired the first gun in defense of the land-validating act.

Confining himself almost entirely to the moral necessity of granting relief to Texas pioneers whose properties were endangered by vacancy suits, Graves declared no issue had been raised until the discovery of oil had transformed barren properties into valuable holdings.

"It is not the land they are seeking," Graves said in reference to persons who had instituted suit against certain surveys, "but the oil that is under it, and it is manifestly unfair to sit here in the legislature and see men cheated of that which is rightfully theirs."

Attorney General Attacked.
Graves said that he would have followed the governor's course in submitting the bill to the attorney general's department for a ruling as to its legality, but maintained the opinion was not worthy of consideration.

Reading from a supreme court opinion, Representative Coke R. Stevenson of Junction, maintained that the legislature did not have to charge the attorney general with incompetency in ignoring his report on the bill.

"The legislature clearly has the power to validate any void sale," Stevenson said. "That opinion has been rendered by one of Texas' greatest statesmen, Charles A. Culbertson."

Referendum On Validation.
AUSTIN, March 6.—(AP)—Senator Julien C. Hyer of Fort Worth today introduced a proposed constitutional amendment permitting the legislature to validate patents on

NAME

ADDRESS

Founder Buick Automobile Co. Dies Poor Man

DETROIT, Mich., March 6.—(P)—David D. Buick, founder of the Buick Automobile company, now a unit of the General Motors corporation, died of cancer here last night. He was 74 years old.

Mr. Buick who was known as one of the pioneers of the automobile industry, died in comparative poverty. For the past two years he had held an instructorship in the Detroit school of trades.

In 1901 Mr. Buick was a wealthy man. After many unsuccessful adventures with "horseless carriages," during which he formed the Buick company, he lost his fortune, and asked W. C. Durant of the Durant-Dort Carriage company of Flint, to take over the tottering Buick company.

Durant did so. He sold \$500,000 worth of stock in the enterprise and later organized the General Motors corporation, which he in turn lost to the Duponts and other capitalists.

**SENATE CONFIRMS
CABINET MEMBERS
AT TUESDAY MEET**

WASHINGTON, March 5.—(P)—The eight new members selected by Herbert Hoover for his cabinet were confirmed today by the senate within a few minutes after the session had forwarded their nominations.

The nominations follow:
Henry L. Simons, of New York, secretary of state.

James W. Good, of Iowa, secretary of war.
Wm. D. Mitchell, of Minnesota, attorney general.

Charles Francis Adams, Massachusetts, secretary of navy.
Ray Lyman Wilbur, of California, secretary of interior.

Arthur M. Hyde, of Missouri, secretary of agriculture.
Robert F. Lamont, of Illinois, secretary of commerce.

As had been forecast, President Hoover did not submit the names of Secretaries Mellon and Davis, that procedure being unnecessary under the law.

To Probe Mellon Status.
WASHINGTON, March 5.—(P)—The senate today ordered an investigation of the right of Attorney General to probe Mellon status.

The joint resolution was offered after the attorney general's department had declared the Small title validating bill unconstitutional. Notwithstanding that opinion and the governor's veto the legislature passed the bill.

The resolution was reported favorably out of the committee on constitutional amendments. It would provide for a referendum July 16. Hyer, who voted against the Small bill, said that 28 senators signed the resolution.

FARM RELIEF AND LIMITED REVISION, OF TARIFF ON TAP

**EXTRA SESSION EXPECTED
TO BE CONVENED ABOUT
MIDDLE OF APRIL**

WASHINGTON, Mar. 6. (AP)—President Hoover soon is to issue the call for the special session of the seventy-first congress for the consideration of farm relief and limited revision of the Fordney-McCumber tariff act.

He had called in Representative Tilson of Connecticut, the republican leader of the house, for a conference today to discuss the date for the convening of the law-making body, a matter depending upon how soon the house ways and means and agricultural committee can have the bills in shape for presentation.

The majority leader has estimated that this could be by April 19 and if the chief executive is convinced that this estimate is accurate the call probably will be for that day.

Mr. Hoover already has discussed the extra session with Vice President Curtis and Senator Moses, of New Hampshire, president pro tempore of the senate, and he probably will take the matter up with other leaders during the next few days.

The conference with Representative Tilson was only one of many which had been arranged for the president during his second day in the executive offices since his inauguration.

In fact he faced a day very similar to yesterday when he was kept busy receiving delegations and individuals and giving his attention to official business during a work day that began at five minutes before 9 a. m. and ended at a little after 6 p. m.

Mr. Hoover shook hands with 244 callers yesterday and the expectation was that the crowds today would be only a little smaller. The chief executive is getting pleasure out of these contacts with the people and those about him predict that he will receive large crowds every day.

drew Mellon to continue as secretary of treasury and of his right to hold office under the law forbidding the treasury head to be interested in business.

Senator McKellar, democrat, Tennessee, proposed the resolution of investigation after President Hoover decided to keep Mr. Mellon and James J. Davis, secretary of labor, in his cabinet without renomination. The resolution was approved without a record vote.

FORMER CORSICANAN HERE.
Paul Martin, who is connected with the Pure Oil Company in their Fort Worth headquarters, is in Corsicana for a few days meeting old friends. He was formerly connected with that company in Corsicana during the boom days.

Sun Want Ads Bring Buyers.

Versatile Man Is Executed for Woman's Murder

BOSTON, March 6.—(AP)—George E. H. Taylor, 47 year-old itinerant barber, street dancer, coal miner and former convict was executed today at Charlestown state prison for the murder in June, 1927, of Stella Pomikala, 21-year-old Lawrence girl.

Last night he was baptized by the Rev. William E. Whitney, Protestant chaplain at the prison, and a few minutes before midnight has been given communion.

The killing was on Salisbury Beach, a summer resort. Taylor obtained a job in a barber shop a day before the girl was found strangled to death after an attempted assault and he disappeared the next day. Through a pair of sun glasses found near the body and his sale of the girl's watch to a man who had given him a lift between two New Hampshire towns, he was tracked to Hyde Park, Vt., where he was arrested.

CARD OF THANKS.
We wish to take this method of expressing our appreciation to the friends and especially the doctors and nurse for their kindness and attention given during the illness and death of our dear wife and mother also for the beautiful floral offerings.

May God's richest blessing abide with each of you.
MR. J. M. THOMAS
and Children.

Mrs. W. E. Calhoun and baby were able to be moved home Wednesday from the Corsicana County Hospital.

ARMY PLANES WILL BE HERE FOR APRIL AIRPORT OPENING

**W. C. STROUBE AND LOWRY
MARTIN EXTEND INVITA-
TION TO FLYERS**

At least ten or twelve of the newer type of army planes have been assured to participate in the two day celebration of the opening of the Corsicana airport late in April, according to a letter received from W. C. Stroube, chairman of the Chamber of Commerce aviation committee, who, in company with Lowry Martin, another member of the committee, is visiting San Antonio, Brownsville and other points in Texas in the interest of Corsicana's air program.

Mr. Stroube and Mr. Martin were given the promise of hearty cooperation by officials of Kelly Field in San Antonio. Captain Thomas of the air corps will probably be in charge of the army aerodrome of the government's delegation from the Alamo City. Officials of the air service are keenly interested in the opening of additional ports, according to Mr. Stroube.

San Antonio newspapers carried stories of the visit of the Corsicana committee to extend the personal invitations in connection with the opening of the port.

While in San Antonio the two Corsicanans met Captain Ira Eaker, the noted army flyer who piloted the Question Mark on its famous endurance flight recently in California. The local men inspected Captain Eaker's plane, the Pan

American, in which he plans a non-stop flight from Brownsville to the Canal Zone on March 10. As a moment of the meeting the Corsicanans are prize an autographed picture of Captain Eaker and his new plane.

From San Antonio the two Corsicana air representatives are to Brownsville for the celebration of

the new Brownsville International airport. They expect to see Colonel Chas. A. Lindbergh when he arrives Saturday, according to present plans, from Mexico City to inaugurate the new Brownsville-Mexico City air line.

While in the border city the local men will invite planes to visit Corsicana for the opening. It is possible that a personal invitation will be extended Colonel Lindbergh himself to visit Corsicana, although it is considered doubtful, in view of his many demands, if the flying "Colonel" will be able to come.

H. E. Hester was able to leave the Corsicana Hospital and Clinic Wednesday.

A little foresight will mean a finer garden

THERE is a surprise when you first taste the melting sweetness of Ferry's sweet corn. It is not ordinary sweet corn by any means. Nor is a plump, red, smooth-skinned Ferry tomato like an ordinary tomato. Nor are the Ferry's Seeds that grow these like ordinary seeds.

Remember that when you buy

Ferry's purebred Seeds, you buy inherited quality. Quality is bred into the seeds. A careful up-breeding of vegetables and flowers has been going on in the Ferry trial gardens for 51 years. This means that the Ferry's Seeds you can plant today came from parent plants and grandparent plants that were themselves purebred. Sixty thousand tests are made annually in the Ferry gardens for germination. Thousands of other trials are made for size, form, color, resistance to disease. So far as is humanly possible, we determine that every crop will meet the Ferry standards.

Ferry's Seeds are easy for amateurs to make grow well, and are naturally the choice of professional gardeners. They are fresh for planting now, at the "store around the corner." No packet of Ferry's Seeds is ever carried over by the dealer for sale the second season. Send for the Ferry's Seed Annual. It is more than a catalog. Address D. M. Ferry & Co., Dept. H, Detroit, Michigan.

Your garden will have its best possible start with Ferry's purebred Seeds.

better than 20 miles to the Gallon!

EVERYONE who drives The Outstanding Chevrolet of Chevrolet History is amazed to learn that it offers fuel-economy of better than 20 miles to the gallon!

Such economy of operation would be unusual in any automobile. But in the new Chevrolet Six it is almost phenomenal. For here it is combined with all the superiorities of six-cylinder performance—tremendous reserve power, thrilling speed, flashing acceleration and marvelous six-cylinder smoothness.

This remarkable operating efficiency has been achieved as a result of the greatest group of basic engineering advancements that Chevrolet has ever announced—such as, non-detonating high-compression cylinder head, hot spot manifold, automatic acceleration pump and semi-automatic spark control.

Come in and get a demonstration. Learn by actual experience what masterly performance you can now enjoy—with fuel-economy of better than 20 miles to the gallon!

—a Six in the price range of the four!

INTERESTING NEWS from NAVARRO COUNTY TOWNS

FROST

FROST, March 7.—(Sp.)—Mrs. J. B. Scott spent last Thursday in Ennis with her parents.

Miss Maudine Sharp, student of State University, was at home for the week-end.

Mrs. Jack Slay and son, Jack, Jr., were guests last Thursday of her parents at Bardwell.

Mrs. Ethel Cole had as her guests last Thursday night, Mrs. B. E. Gillean and friend, Mrs. Norris of Corsicana.

Mr. and Mrs. Chas. McMichen and Mrs. P. C. Griffin spent the week-end in Centerville with their parents, Mr. and Mrs. L. A. Coley.

Mrs. John Beards arrived last Wednesday from Lubbock to be with her mother, Mrs. Susan Childers, who is quite sick.

Mrs. G. L. Haley had as her guests last week her mother, Mrs. Orr and grandmother, Mrs. Ida Floyd, and sister Mrs. Jack Merrill.

Mr. and Mrs. Edd Reed of Blooming Grove were first visitors Sunday.

Mr. and Mrs. A. S. Handley of Corsicana visited Mr. and Mrs. Walter McCord Sunday.

Miss Lena Fay Brown of Corsicana spent the week-end with her parents, Mr. and Mrs. O. C. Brown.

Mr. and Mrs. Leo Chamberlain of Dallas were the guests of Mr. and Mrs. Sam Jones last week.

Mr. and Mrs. Hubert Dixon of Dallas were the guests of Mr. and Mrs. Edd Dixon last Sunday.

Miss Beatrice Jones, student of Trinity University at Waco, was at home for the week-end.

Mr. and Mrs. W. L. Anderson of Coaling, Mr. W. J. White of Dallas and Miss Reasoner of Forney were guests of Miss Lucille Anderson Sunday.

Doris Marie Keathley entertained several of her friends with a six o'clock dinner and a theatre party Friday, March 1st. This was honoring her eleventh birthday.

Misses Jannie and Ethel Hyer and Mrs. Morris of Dallas spent Sunday with Mr. and Mrs. Hyer.

Fletcher Bonnet spent Sunday in Corsicana.

Miss O. Boman of Dallas spent the week-end with Mrs. Ethel Cole.

I. G. Keathley was in Port Worth on business Monday.

Miss Ruby McCarty spent the week-end in Barry.

Mrs. Simpson and Mrs. Martin of Corsicana were the guests Sunday of Mrs. Edgar Bowman.

Archie Baird, Ruel Young and Chester Strain spent Sunday in Corsicana.

James Fae Langford of Waxahachie spent Sunday with his parents.

Mr. and Mrs. J. C. Beck and Miss Johnnie Spencer were in Corsicana shopping last Wednesday.

Mr. and Mrs. J. W. Brown of Blooming Grove were guests of Mr. and Mrs. Ray Spencer Sunday.

Rev. Mr. Cowan returned from Temple sanitarium Friday and is much improved.

Mr. and Mrs. Carl Slay of Rhomene, Mr. and Mrs. Sam Slay of Corsicana, Frank Slay of Dallas and Charlie Slay of Mexia, spent Sunday with their mother, Mrs. John A. Slay, Sr.

The W. F. C. class met in the home of Mrs. Everett Hightower with fourteen members present.

They had a business session and then enjoyed several games. The waitress served chicken salad, cake and coffee.

Mrs. Bessie Hewitt is visiting in Dallas this week.

RICHLAND

RICHLAND, March 7.—(Sp.)—Mesdames A. N. Brown, Jr., A. Hill, W. F. Tucker were the guests of Mrs. J. W. Lichty of Corsicana, one day last week.

Mrs. A. N. Brown and daughter, Miss Beryl, motored to Corsicana one day last week.

Mr. and Mrs. Reigan Swink and mother, Mrs. Rufe Swink, returned from Raklaw Thursday where they had been several weeks visiting relatives.

Bill Shakelford, Elsie and Oleta Swink, Ina and Homer Knott, motored to Corsicana last Thursday night and attended the show.

Hugh Garland and I. J. Bradley had business in Corsicana Thursday and also attended a show.

Several of the young people attended the party given at Mr. Shults.

George Menton, the Lone Star Gas foreman, was carried to the Navarro Clinic Saturday suffering with the hiccups, which he had had for three days.

Dieck Young was in Corsicana one day last week.

Mrs. Angus Gregory and two children visited her daughter, Mrs. Dawson, near Mexia Thursday and Mrs. Dawson and children returned home with them for the night.

Dee Maddox of Cooper who died there Thursday was laid to rest in the Richland Cemetery Friday afternoon. He is survived by his wife, four children, one brother, two sisters and one half sister. Dee as he was called had lived most of his life in Richland. And we extend our sympathy to the bereaved family.

Albert Hargraves had the misfortune to lose his home by fire, one day last week. Only a few things were saved. Also the Richland school building was damaged Sunday night by fire, and could not have school Monday.

Aline Ray of Ennis has been visiting Miss Merle Yates.

Ernest Allen and family and Ben Allen and family spent Sunday in Athens with their father, Mr. Allen.

Mr. and Mrs. Joe Bickley and children of Chatfield spent Saturday night and Sunday with Mr. and Mrs. Gordon Elkins and made several short visits among their friends in Richland while here.

Miss Ernest Erskin spent the week-end with home folks at Tehuacana.

John Cunningham and family visited relatives in Mexia and Thornton last week-end.

French and Johnnie Shults, motored to Waco Sunday.

Homer Harris went to Streetman Saturday night.

The high wind Monday night, blew Mrs. McBride's barn down, and killed her cow.

Mrs. Ida Knight, Lottie and Coban Knight spent the week-end at Kervin with relatives.

Elsie and Swink and Ina Knotts, were shopping in Corsicana Saturday.

Mrs. B. M. Fluker and son, Winston, visited Mrs. M. L. Odum Sunday.

Jim Davis and family visited his mother, Mrs. Maggie Davis, Sunday.

Mrs. Bell Elkins of Corsicana was in Richland Tuesday.

Mrs. Ella Harris spent last week in Corsicana.

There is Only One FRIGIDAIRE.

It's a product of General Motors. C. R. HALL.

Dealer, at 120 West Second Ave. Phone 470.

BARRY

BARRY, March 7.—(Sp.)—Under the auspices of the Baptist church, Mr. and Mrs. S. B. Watson entertained with a church social Saturday evening, March 2. The entire community was invited and quite a crowd turned out.

The arrangements and program were in keeping with the spirit of the day and big, little, old and young seemed to enjoy the occasion very much.

Plans are being made to perpetuate the social feature of the church and entertainments of some kind will be held at least once a month.

Mrs. L. C. Heaton and children, returned Sunday afternoon from a week's visit with relatives at Dallas.

Mr. and Mrs. Preston Woodruff and little son of Dallas spent the week-end with relatives here.

Miss Ruby McCarty of Frost visited home folks Saturday and Sunday.

Rev. H. B. Prather and family motored over from Dallas Saturday afternoon and were the guests of Mr. and Mrs. H. L. Reed.

Rev. Prather filled his regular appointment Sunday at the Baptist church.

Miss Eva Holsey visited Miss Maude and Lucile Holsey for the week-end.

The Reflections of a Young Married Woman

are not pleasant if she is delicate, run-down, overworked. She feels "played-out." Her smiles and good spirits have taken flight. It worries her husband as well as herself.

One husband writes:—"My wife was down in bed two years. We tried several doctors and lots of different remedies—spent a great deal of money but she did not seem to improve until I purchased a bottle each of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' The doctors said she must be operated on but I told her we had used Dr. Pierce's medicines in the family for 35 or 40 years and they had never failed. So she commenced taking them and after three months was able to be up and is now doing her housework. We think Dr. Pierce's medicines the best on earth."—E. T. Broxson, Route 5, Box 23a, Kaufman, Texas. All druggists. Fluid or tablets.

Heat Explodes Drum Gasoline in Dallas

DALLAS, March 7.—Heat expanding a drum of high test gasoline caused an explosion which wrecked the interior of the Texas testing laboratories and injured an employee, P. D. Cretian, here yesterday.

Cretian was burned severely about the face and arms when flames enveloped the office.

Tuesday to her daughter's, Mrs. L. M. Pollan, where she will remain for several weeks.

FLAMES DESTROYED LARGE HOUSE EARLY HOUR WEDNESDAY

**TWELVE-ROOM RESIDENCE
OF LUCILLE HARRIS BURN-
ED; FIRE HOSE CUT**

Fire of undetermined origin destroyed the twelve-room residence of Lucille Harris at 124 North Seventh street about 5:30 o'clock Wednesday morning. Loss was estimated by Fire Chief Keith at \$7,000 with a total of \$6,000 insurance. No lives were lost and no one was injured.

The alarm was turned in by the nightwatchman for the Navarro Cotton Oil company and by the time the fire department could reach the scene the whole upper portion of the house was in flames and portions of the roof were falling in, and the firemen were hard pressed to prevent the spread of the fire to the oil mill and the plant of the American Well and Prospecting company.

Within a short time the house was burned to the ground, fanned by a high wind that blew the hot embers onto the many sections of hose and burned two lines. The department was considerably handicapped by people running over their lines, and shortly after the fire was under control, the early morning passenger on the Southern Railway ran across the two lines from the pump and severed them in spite of the fact one of the firemen was doing his best to flag the train to a stop, it was said. Falling electric wires also added to the hazards.

As soon as possible after the fire had been extinguished, police and fire officials searched the ruins for possible victims of the blaze. It had been reported that a baby was in the house, but a complete check failed to reveal any clues, and later information indicated that all of the occupants of the house were away during the night.

Insurance was carried to the amount of \$2500 on the house, \$2500 on the contents and \$1,000 on out-buildings.

KERENS

KERENS, March 7.—(U)—Mrs. Willie Bristol, sister of Mrs. B. S. Brown, of this city, is reported resting easy after a surgical operation in a Corsicana hospital Tuesday morning. The many friends of the family will be glad that her condition is not alarming.

Barthelmess Coming to the Palace Theatre

Richard Barthelmess, one of the most popular motion picture stars of today, scores another triumph in his latest picture, "Weary River," in which he makes his talking debut at the Palace theatre, starting Monday.

Nothing Barthelmess has ever appeared in before equals the entertainment provided in "Weary River" and he is said to outdo even his stellar efforts in "The House" and "The Patent Leather Kid." During the unfolding of the story Barthelmess talks, sings and plays the piano, demonstrating a

versatility of which his admirers were not aware.

"Weary River," gives Barthelmess an unusual role. He has an exceptionally dramatic story to tell, a real living breathing character to portray and there are situations that sparkle with tense moments and fiery action. A strong love theme dominates the story with Betty Compson more charming than ever as the sweetheart.

The action, which has New York night life as its locale, centers around Jerry Larrabee, gangster, a rival gang and Jerry's sweet-

GETTING CABINET IN WORKING ORDER IS FIRST CONCERN

**HOOVER WILL NOT SEND
NAMES OF MELLON AND
DAVIS TO SENATE**

BY JAMES L. WEST
(Associated Press Staff Writer.)
WASHINGTON, Mar. 4.
(AP)—President Hoover gathered up the threads of federal governmental affairs today where they were laid down yesterday by Calvin Coolidge.

While many matters of major

heart, Larrabee is framed by his enemies and serves a term in prison. Under the kind guidance of the warden, he finds a new and better life and develops into a radio artist of great repute. This popularity soon wins him a parole and he attempts to carry on through the vaudeville stage. He is branded an ex-convict, however, and soon is back with the gang, plotting revenge.

How his sweetheart, who really loves him, outwits the gangsters and wins the man she loves from a life of crime, is told in absorbing drama.

Barthelmess is heard singing the theme song "Weary River," and the picture is nearly all talking. The picture has been given splendid settings, is rich in action and thrills and the cast and direction round out a big entertainment which is now being heard and seen on Broadway at \$2.00 per seat.

policy soon will press upon the new chief executive, his immediate concern is that of getting his own cabinet into office so he can have a smooth functioning machine at the earliest possible time.

Two departments, the treasury and labor, are going ahead under the men who have conducted them for eight years—Andrew W. Mellon and James J. Davis. The president has decided against sending their names to the senate as there is no requirement that he do so since their nominations were confirmed at the time of their original appointments.

Rumblings of Opposition
The nominations of the other eight had been prepared for transmission to the senate today and prompt action by that body was expected, although there have been rumblings of opposition to some of those Mr. Hoover has selected as his counselors.

All of the present officers hold over until their successors qualify and Secretary Kellogg will serve until Henry L. Stimson, of New York, arrives here from Manila late this month to take over the duties of head of the state department.

Conferences with the new cabinet officers are to be initiated almost immediately by the president to select successors to the dozen or more assistant secretaries who have tendered their resignations with the purpose of returning to private business.

Although many of the ambassadors, and ministers have tendered their resignations, the diplomatic corps is likely to remain in status quo until the arrival here of Mr. Stimson. Mr. Hoover has a number of changes in mind.

Akersen Is Secretary.
George Akersen, assistant to Mr. Hoover for more than four years, has taken over the duties of the secretary to the president, replacing Everett Sanders who went out of office with President Coolidge. Lawrence Rickey, who has been

SIMON-PURE TEXAS DEMOCRATS HOLDING PARTY ADVANTAGE

BILL GIVING COMMITTEE POWER TO PURGE PARTY WEATHERED HARD FIGHT

AUSTIN, March 5. (AP)—Simon-pure Texas democrats held a post of vantage today in regulation of the party's affairs by passage of the Wirtz senate measure giving the executive committee power to purge democratic ranks of unfaithful followers. The bill passed to third reading

by a 23-17 vote, but opponents lacked sufficient strength to suspend the rules and act finally after the house chamber had closed for more than two hours to the sound of party loyalty. The bill defeated an amendment by Representative George Purl of Dallas which would have made provisions of the bill apply to holders since 1919, and another by Representative E. J. Forbes, Weatherford minister, which would have prevented the measure from becoming effective until after the 1930 general election. Purl contended that no party had ever succeeded by driving members from its ranks and asserted that if persons who deserted the Democratic party to cast their ballots for Herbert Hoover were to be punished, older offenders should be treated similarly. Representative Forbes said the bill was written by a senator "as wet as the Atlantic ocean," and characterized it as "an attempt to make a liquor party out of the Democratic organization."

Woman Defends Bill, Mrs. Laura Burleson Negley, San

Antonio, launched the series of floor speeches which brought triumph to backers of the bill. The daughter of former Postmaster General A. S. Burleson unflinchingly faced enemies of the bill and maintained the recent presidential rout was caused by lack of someone in authority to regulate the party. Representative W. K. Hopkins of Gonzales, sponsor of the bill in the house, scathingly denounced Love and other "bellwethers" who led the revolt in the party. The senate met with several fewer bills on its nevertheless heavy calendar as a result of a long session last night. What was lacking in debate was expected to be made up today with the Small land bill set for special order. Senator C. G. Small of Wellington, author of the measure, was primed for the effort to pass it over the governors' veto, which will require a two-thirds majority. A bill by Senator A. J. Wirtz of Seguin which its author said would tighten the "blue sky" law, was finally passed with little opposition. The measure was said to have been

NEW PRESIDENT IS AT DESK AHEAD OF TIME ON FIRST DAY

ARRIVED AT EXECUTIVE OF- FICES AT 8:55 AND IMMEDI- ATELY STARTED WORK

WASHINGTON, Mar. 5. (AP)—President Hoover made an early start on his first full day as chief executive recommended by the secretary of state's department. Wirtz asserted the public had not been protected from the sale of worthless securities under the "blue sky" law enacted by the 35th legislature. His bill would rewrite that law.

He switched on the electric lights to banish the murky gloom caused by clouds outside and plunged immediately into work. This morning was free of formal engagements so that he might be uninterrupted as he examined a mass of data which had been prepared for him. The chief executive and the first lady are occupying the presidential suite used by Presidents Coolidge, Harding, Wilson, Taft and Roosevelt. It consists of two large bedrooms with a dressing room and sitting room and is located in the southwest corner of the building. Mr. and Mrs. Hoover, Mr. and Mrs. Herbert Hoover, Jr., and their children, Peggy and Herbert III, have their suite in the northwest corner of the mansion. They will remain at the White House only a few weeks, returning then to their home in California. Mrs. Mary Leavitt of Long Beach, California, sister of Mr. Hoover,

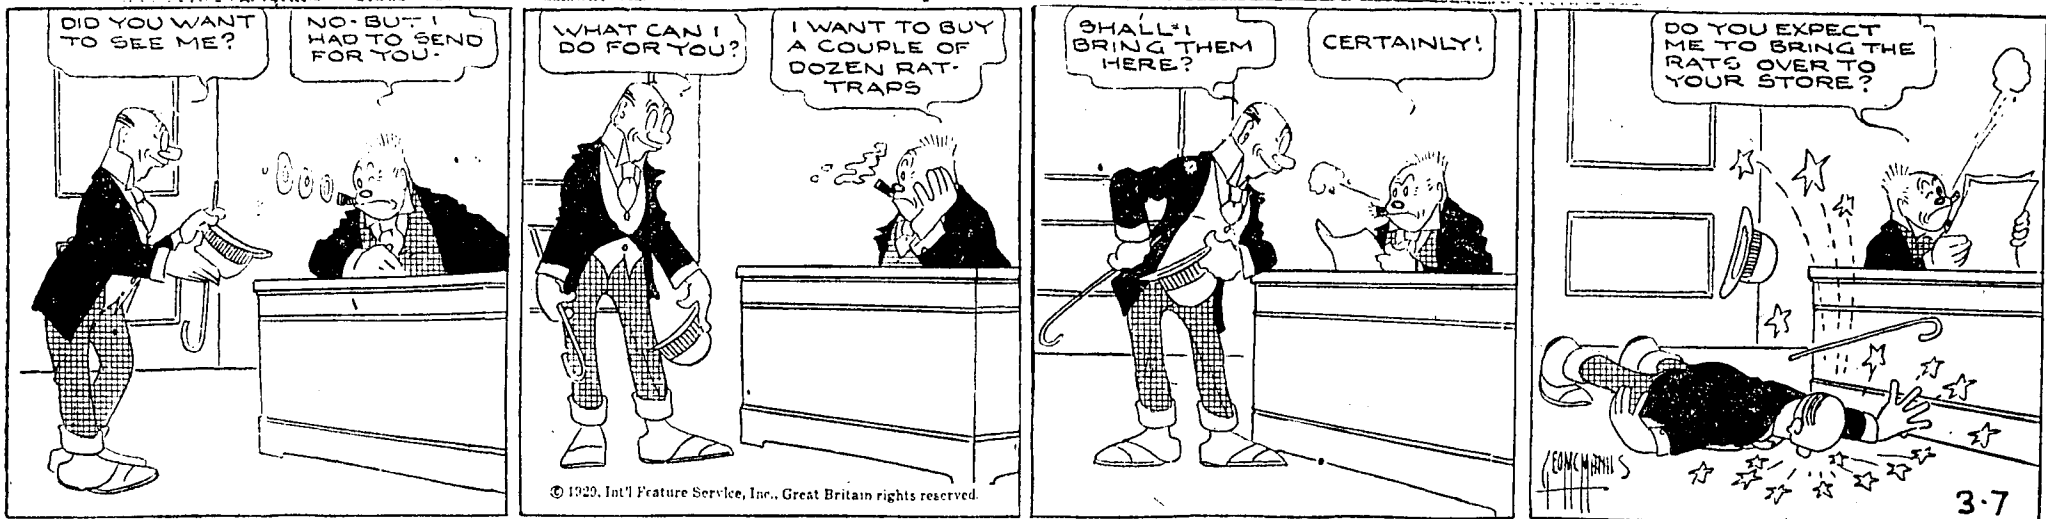

and Mr. and Mrs. Mark Regua of San Francisco, are guests at the White House for a week or more. Mrs. Jean H. Large of Palo Alto, California, sister of Mrs. Hoover, and W. D. Henry, of North Dakota, uncle of the first lady, remained overnight at the S. street home, which will be occupied by Senator Walcott of Connecticut about April first. The president decided to give over most of his afternoon to receiving visitors. It was announced that at 3:30 p. m., he would meet the republican national committee in session here. Mr. Hoover received delegations from Florida and Texas which came here for the inauguration. These are two of the four states of the solid south which cast their electoral votes for the president. After the Texans were received the cowboy band of Simmons university of Abilene, serenaded the president from a place in front of the executive offices. When the band had played a Texas song, the president left his office to pose with the delega-

tion of more than 300. The band then gave him "Dixie" for farewell. After the cowboy band had serenaded at the executive offices, the president asked that it go over to the residence section of the White House and play for Mrs. Hoover. Senate Adjourns. WASHINGTON, March 5.—(AP)—The special session of the senate called to confirm the new members of President Hoover's cabinet, adjourned sine die today at 1:37 p. m. Hoover Names Candidates. WASHINGTON, March 5.—(AP)—President Hoover sent the nominations of his eight new cabinet members to the senate today and that body immediately went into executive session to consider them.

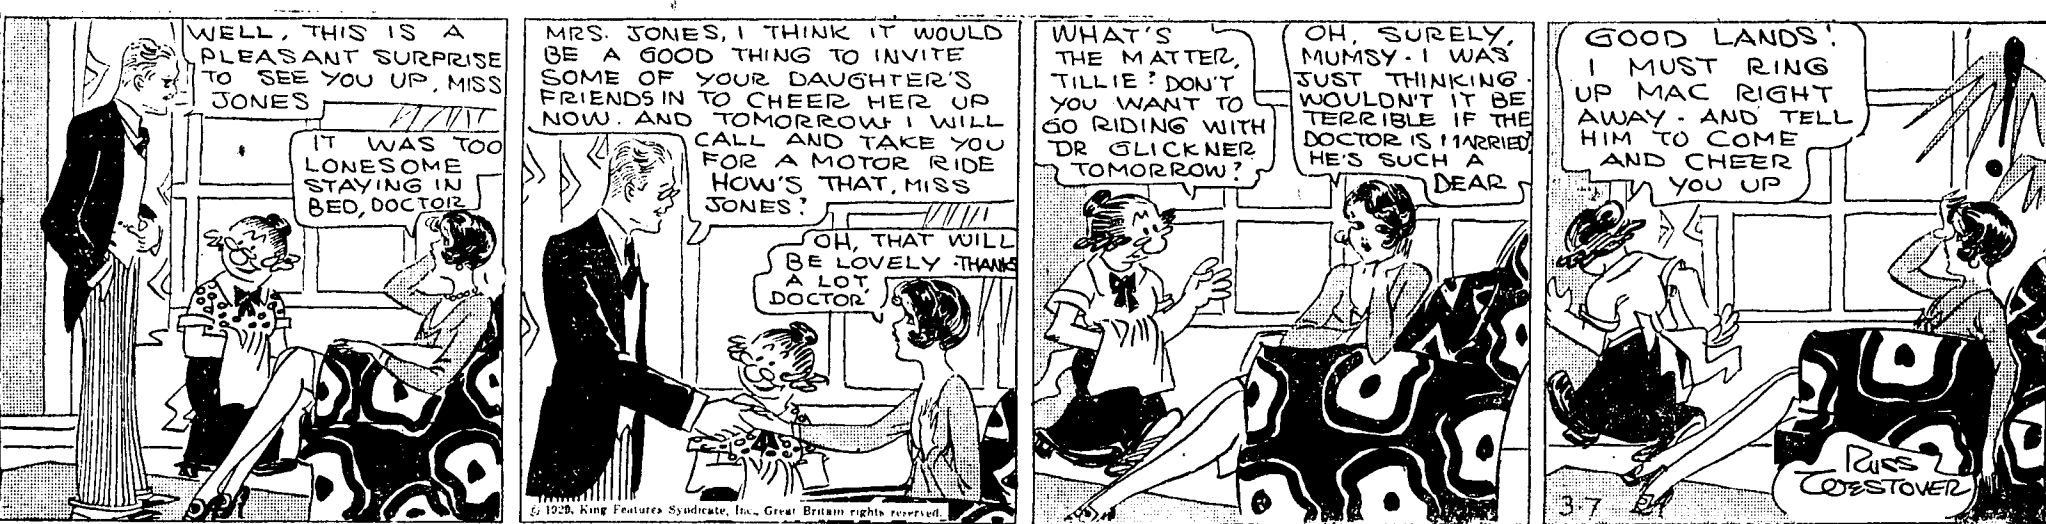

SENATOR ROBINSON RE-NAMED MINORITY LEADER OF SENATE

WASHINGTON, March 5.—(AP)—Senator Robinson of Arkansas was re-elected by the democratic caucus today to be the minority leader in the senate during the next congress. Senator Walsh, of Montana, was chosen assistant minority leader; Senator Sheppard, of Texas, the whip, and Senator Black of Alabama, the secretary of the democratic caucus.

HORIZONTAL

- bundle of twigs
- mean villain
- exclamation of concern
- mold
- American fresh water fish
- measuring instrument
- portion
- evil glances
- the strong point
- part of "to be"
- choler
- to fail morally
- a single unit
- issue of a publication
- one who cherishes or promotes an idea
- defeated (colloq.)
- a variety of cambrie
- soon
- follow insidiously

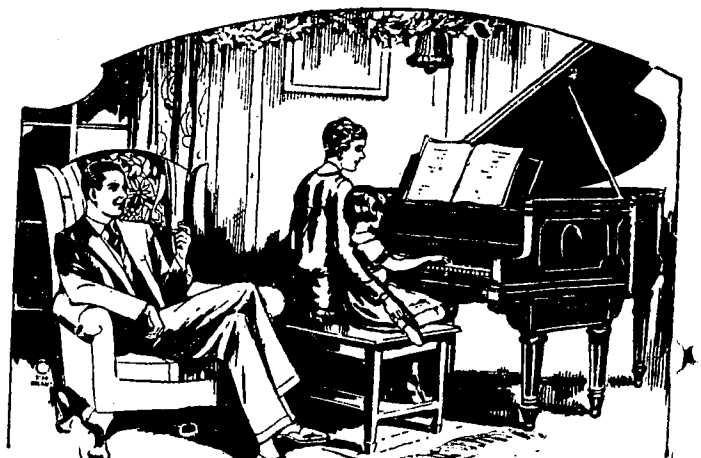

VERTICAL

- cabal
- resembling a wing
- to excoerate
- species of willow
- hateful
- neuter pronoun
- native of the Philippines
- firm
- liberated
- combination of interests (pl.)
- vegetable
- the seal-lemon
- festal
- slight
- deliberately
- to beam
- one of a primitive Spanish race
- a Roman emperor
- toward the seaward side of a hill
- another form of "eh"
- forbears
- sots
- Asiatic country
- combining form relative to gas, etc.
- tendency
- shout
- dirk
- obstruct
- chasm
- toward

Herewith is the solution to yesterday's puzzle.

JUAREZ GARRISON PREPARED THURSDAY DEFEND BORDER CITY

(Continued from Page 1)
1919 after stray bullets had killed several residents of El Paso.

General E. Ramos, who resigned as assistant secretary of war to assume command of the troops in Juarez, said he would defend the town unless overwhelmingly outnumbered, in which case he will withdraw his troops and retreat.

General Ramos arrived here last night by airplane from Brownsville and in an interview with El Continental Spanish language newspaper, outlined a part of the government's plan of operations.

Federals Have Planes.
He said two columns of troops some 1500 men, aided by two squadrons of airplanes, are advancing against General Jesus Aguirre, one of the leaders of the revolt.

General Almazan is in charge of the federal troops, Ramos said. Some 20,000 men in four columns are moving upon General Escobar, another revolutionary leader at Monterrey. These columns are moving from Saltillo, Tampico and Zacatecas.

In the Sonora area, Ramos said, General Cardenas is organizing troops to attack the rebels. He is recruiting upward of 10,000 men in the states of Aguascalientes, Queretaro and Michoacan.

The Seventh United States Cavalry at Fort Bliss was under orders to move today with full field equipment. No details or reason for the move were announced.

Montero also said telegraphic communication between Laredo and the Mexican capital had been resumed, and the first trains to both

Brownsville and Laredo, since the revolution started were en route to the border.

The consul said there were no signs of disorder around Monterrey. He said he had communicated with the Mexican consul general at San Antonio concerning a rumor that 2,000 troops were to pass through Brownsville en route to El Paso for use at Juarez, but the Mexican representative there had no information regarding such a movement.

Bliss Commander in Charge.
SAN ANTONIO, March 7.—(AP)—The Seventh Cavalry is operating wholly under orders of the commanding general at Fort Bliss. It was announced at Eighth Corps Area headquarters near today. No orders for movements of troops have yet been issued from the local headquarters.

The orders issued to the Seventh Cavalry by the Fort Bliss commander, it was stated, are merely precautionary steps that are being taken in anticipation of fighting that is expected to take place in Juarez. While some points along the border have been called for additional troops, no movement is contemplated at present, military authorities said.

Commanders Confer.
EL PASO, March 7.—(AP)—Arriving here to assume command of federal troops at Juarez, General Martin Ramos, former assistant secretary of war for Mexico, today was in conference with Gen. Ignacio Flores, who accompanied him on a flight from Mexico City. The two federal officers discussed plans for several hours with Enrique Liekens, consul general, and then crossed the Rio Grande into Juarez.

D. W. Homlinson, who piloted the Mexican officers here, said that federal forces are holding all foreign planes in Mexico City, 15 hav-

ing been confiscated for emergency use. Tomlinson, well known as a member of the United States navy's "Sea Hawks," also declared the Mexican government has in its hangars at Mexico City three observation planes with Liberty motors, and six antiquated Bristol planes which will be used for bombing in the event aerial attacks become necessary.

Flores Marches Meet Foe.
EL PASO, March 7.—(AP)—Under command of General Ignacio Flores and 200 federal soldiers left Juarez at 7 o'clock this morning to proceed against a detachment of 400 revolutionists believed to be advancing against the city.

The rebel forces were reported as being 25 miles from the border city and contact between the opposing forces is expected within the next few hours. Major Frederico Alberts, spokesman for Gen. M. J. Linares, told newsmen a pitched battle is imminent.

Observers in El Paso this morning, gazing at Juarez through field glasses, reported seeing federal soldiers stationed on the roofs of Juarez buildings as snipers.

Rumored Mayor Executed.
EL PASO, March 7.—(AP)—An unconfirmed report that Mayor Gallo of Juarez had been executed by a firing squad of Mexican federalists of the resort town gained widespread credence here today. Mayor Gallo was taken into custody yesterday along with four other Juarez officials for alleged revolutionary tendencies.

Denial Is Made.
EL PASO, March 7.—(AP)—Emphatic denial that Mayor Augustin Gallo of Juarez had been executed by federal soldiers was made by authorities in the border city today.

Commanding officers of several federal units refused to discuss the report that Mayor Gallo had been

LEGISLATURE TO ADJOURN PRESENT SESSION MARCH 14

(Continued from Page 1)
in highways incorporated in the state's designated highway system to appraise value on Feb. 1, 1929. One-fourth of the revenue derived from a levied tax would be applied to the free school fund, and no obligations for the proposed road system would become a lien on real property. The legislature would be empowered to provide a means of refunding gas taxes collected on farm implements and marine and aeroplane engines used in propulsion of government craft.

AUSTIN, March 7.—(AP)—Having definitely decided on March 14 for sine die adjournment the legislature will set about now primarily to dispose of the statewide highway bond issue and penitentiary bills. The bond issue is due to come

sent with the federal forces to meet the rebels and would be used as a hostage to prevent a battle.

To Protect El Paso.
EL PASO, March 7.—(AP)—Two French 75's in armored cars will protect American property in El Paso if stray shells are fired into El Paso either by Mexican rebels or federalists. Brigadier General Van Horn Moseley, commanding officer at Fort Bliss so informed General Matias Ramos, commanding the federal forces in Juarez today.

R. D. Fleming, city street and sanitary commissioner, went to Dallas on official business early Thursday morning.

up in the house today, but a fight will be made to bring the Wirtz party ahead of it. Proponents of the Wirtz measure, designed to empower the democratic executive committee to proscribe voters and candidates who bolted the party ticket last November, claim that if the bond issue bill is disposed of first many members leaving for home at the far end of the session might imperil passage of the party bill.

The penitentiary bills were thrown into free conference yesterday when the house refused to concur in the senate amendments to its measure. The house passed the Young-Turner-Loy bill concentrating the prison system on state-owned lands south of Houston and fixing headquarters on either the Ramsey or Darrington farms. When it got to the senate, the Holbrook measure, approved by Governor Moody, was substituted for it. The administration bill would leave the matter of selecting sites for the concentrated system to a

board composed of the prison commission, lieutenant governor, speaker of the house and attorney general, with power to buy and sell lands for this purpose.

Senate Passes Movie Bill.
The senate yesterday passed the Dunlap house bill legalizing moving picture shows on Sunday after 1 p. m., and the bill will now go to the governor for his signature.

The house passed the senate bill raising the pay of state rangers, and it goes to the governor for his consideration. Privates pay would be increased from \$80 to \$150 monthly, sergeants from \$100 to \$125 and captains from \$150 to \$225.

Rep. Coke Stevenson's resolution proposing a constitutional amendment to provide for the election only of the governor, lieutenant governor and attorney general and making all other state officials appointive, was defeated by the house.

Leo Frazier of Roane was here Thursday.

POULTRY EXPERT TO MAKE THREE TALKS IN NAVARRO COUNTY

Dr. L. D. LeGear of St. Louis, poultry expert and veterinarian, will be in Navarro county for three engagements within the next few weeks according to an announcement made by the Corsicana Chamber of Commerce Thursday. The first will be held at Blooming Grove Thursday evening at 7 o'clock under the auspices of the Commercial Luncheon Club; the second at 2 p. m. Friday at Kerens sponsored by the Kerens Chamber of Commerce, and the third at the Corsicana chamber, Saturday afternoon at 2 o'clock.

The subject of his lecture will be "How to Make Poultry and Dairy."

Johnston Will Take Stand For Defense of Self

OKLAHOMA CITY, Mar. 7.—(AP)—Testifying in his own defense before the senate court of impeachment, Gov. Henry S. Johnston today detailed his political achievements in Oklahoma.

OKLAHOMA CITY, March 7.—(AP)—Henry S. Johnston, suspended governor of Oklahoma, was sworn as a witness to testify in his own behalf before the senate court of impeachment at noon today. Johnston, however, did not immediately assume the witness stand as a noon recess was taken.

ing Pay." In addition to his lecture, the veterinarian will be available for free private consultation, and will also conduct a clinic.
